Dear Mr. Kirkpatrick:

Eris Exchange, LLC (“Eris Exchange” or the “Exchange”) hereby submits for self-certification to the Commodity Futures Trading Commission (the “Commission”), under Commission regulation 40.6(a), the extension of the Bounded Futures Liquidity Incentive Program (“Program”). The Program will become effective on or after January 10, 2022.

Explanation and Analysis

Exhibit A sets forth the terms of the Program.

Description of Rule Changes

Exchange Rule 517 permits the Exchange to establish liquidity provider programs. No rule changes are required at this time.

Core Principle Compliance

The Exchange’s staff has identified that the following designated contract market core principles (“Core Principles”) may be potentially impacted: Prevention of Market Disruption, Execution of Transactions, Protection of Market Participants, and Compliance with Rules, and Recordkeeping.

The Program’s structure does not impact the Exchange’s ability to perform its trade practice and market surveillance obligations under the Act. The Program does not impact order execution priority or otherwise give participants any execution advantage. The Exchange’s market regulation staff will monitor trading under the Program to identify and prevent manipulative trading and market abuse. Products included in this Program are listed for trading in the open and competitive market, and incentives under the Program do not adversely impact price discovery in the centralized market.

Incentives under the Program are given to traders who provide liquidity through streaming markets and the Program is open to all qualified participants.

The Program is subject to trading rules found in the Exchange's Rulebook at Chapter 4, which prohibits fraudulent, non-competitive, unfair or abusive practices; and subject to Chapter 5, which governs trading practices and business conduct. Furthermore, the Program is subject to the Exchange's record retention policies, which comply with the Commodity Exchange Act. Trade or order activity by Program participants that violate Exchange rules will be disqualified from counting toward Program requirements, and Participants will be subject to potential disciplinary action, in accordance with Exchange rules and procedures.
