Re: Cboe Clear U.S., LLC Rule Certification
Submission Number CCUS-2025-10

Dear Mr. Kirkpatrick:

Pursuant to Section 5c(c)(1) of the Commodity Exchange Act, as amended (“Act”), and Regulation 40.6 of the regulations promulgated by the Commodity Futures Trading Commission (“CFTC” or “Commission”) under the Act, Cboe Clear U.S., LLC (“CCUS” or “Clearinghouse”) hereby submits updates to the CCUS rulebook in connection with the plan to begin clearing Cboe Continuous Futures products listed and traded on Cboe Futures Exchange, LLC (“CFE”), among other minor updates (“Amendment”). The Amendment to the CCUS rulebook is set forth in Exhibit A. The Amendment will become on the first date that it is permitted to become effective pursuant to CFTC Regulation 40.6 (“Effective Date”) based on the date of submission of this filing to the Commission and the length of the current U.S. government shutdown. CCUS intends to implement the Amendment on or after November 9, 2025, subject to the reopening of the U.S. federal government, on a date to be announced by the Clearinghouse through the issuance of a Clearing notice.

On the November 10, 2025 trade date, CCUS plans to begin clearing Cboe Continuous Futures products listed and traded on CFE – a designated contract market (“DCM”) and affiliate of CCUS. Specifically, CFE intends to begin listing and trading Cboe Bitcoin Continuous (“PBT”) Futures and Cboe Ether Continuous (“PET”) Futures on November 10, 2025, clearing through CCUS. Cboe Continuous Futures are long-dated, cash-settled futures contracts. Open positions in Continuous Futures contracts are subject to a daily cash adjustment.

The Amendment updates certain rules in the CCUS rulebook to facilitate the clearing of Continuous Futures products through CCUS, particularly in connection with the daily cash adjustment. The Amendment also makes other minor updates to certain CCUS rules.

The Amendment updates the definition of the term Obligations in CCUS Rule 101 (Definitions) to account for non-margin related Clearing Member obligations to CCUS that may arise pursuant to applicable Contract specifications. This includes Obligations related to cash adjustments for Continuous Futures. “Obligations,” as revised, means all financial obligations, including but not limited to margin, delivery, and any non-margin payment obligations any non-margin payment obligations (including but not limited to any cash adjustment or option premium), of a Clearing Member arising under the CCUS Rules or applicable Contract specifications. The Amendment also adds references to Obligations in CCUS Rule 207 (Emergencies) (for which CCUS may require Clearing Members to meet special margin

requirements and other Obligations) and CCUS Rule 707 (for which the governing law applies to the creation of security interests in margin, other Obligations, and Guaranty Fund Deposits).

The Amendment makes the following updates to CCUS Rule 403 (Margin):

- It adds new paragraph (d), which makes clear that Clearing Members are obligated to pay or entitled to receive Variation Margin and other Obligation payments, as applicable, on Contracts accepted for clearing by the Clearinghouse. All Variation Margin requirements and other Obligations to the Clearinghouse must be made in immediately available funds and, if an Approved Depository Institution fails to pay Variation Margin or other Obligations on behalf of a Clearing Member, such Clearing Member will remain obligated to pay such Variation Margin or other Obligations to the Clearinghouse notwithstanding such failure.
- Throughout CCUS Rule 403, it updates Initial Margin to instead reflect Collateral thereby encompassing the full scope of the Clearing Member funds and assets to which provisions of CCUS Rule 403 are applicable.
- It includes other Obligations in CCUS Rule 403(h), as revised, in addition to margin-related payments, to account for non-margin payment obligations of Clearing Members that may be subject to CCUS default processes.
- It moves CCUS Rule 403(p), which describes Approved Depository Institutions, under CCUS Rule 405 (Approved Depository Institutions).

The Amendment updates CCUS Rule 404 (Offset and Settlement) by providing that CCUS will conduct final settlement following expiration of a Contract by using the previous settlement cycle price and the final settlement price for a Contract calculated by the relevant Participating Exchange, and applying any other outstanding Obligations that may be applicable pursuant to the specifications of the Contract and calculated by the relevant Participating Exchange.

The Amendment updates CCUS Rule 409 (Settlement Prices) to include a provision regarding settlement price procedures in connection with other payment Obligations. Specifically, proposed CCUS Rule 409(c) provides that if a cash adjustment, applicable to a Contract pursuant to the Contract specifications, is unable to be determined, creates risk management concerns for the Clearinghouse, or if the applicable procedures of a Participating Exchange result in a clearly aberrant cash adjustment inconsistent with market value, then the Clearinghouse, using its best efforts to consult with the Participating Exchange, may establish a cash adjustment that reflects the true market value at the time of the adjustment. A payment in connection with a cash adjustment shall not be adjusted after ten business days for any reason, including, without limitation, a calculation error or erroneous and/or incomplete input. This process is substantially the same for daily and final settlement prices.

Finally, the Amendment adds new CCUS Rule 321 (Standard of Business Conducts) to align and reflect CCUS compliance with CFTC Regulation 39.8. Proposed CCUS Rule 321 provides for business standards of conduct in connection with regulatory compliance, fraudulent activity, and good faith use of the Clearing System, applicable to each Clearing Member and its Authorized Representatives.

CCUS believes that the Amendment is consistent with the DCO Core Principles under Section 5 of the Act. In particular, CCUS believes that the Amendment is consistent with:

- DCO Core Principle D (Risk Management), because the Amendment provides updates to the CCUS rules that ensure that CCUS continues to possess the ability to manage the risks associated with discharging its responsibilities, particularly in connection with Clearing Member Obligations which may include non-margin payments, such as daily cash adjustments for Continuous Futures.
- DCO Core Principle E (Settlement Procedures) the Amendment provides updates to ensure that the CCUS settlement process continues to result in complete settlements on a timely basis, including in connection with daily cash adjustments related to Continuous Futures.
- DCO Core Principle L (Public Information) because the Amendment assists CCUS in providing market participants with clear and comprehensive rules, included in connection with new products eligible for clearing, and the amended Rulebook will be posted to the Cboe Digital website in satisfaction of this Core Principle.

In such instance, the Clearinghouse may defer taking action on the application until the matter has been resolved.
- (e) The applicant shall, following written notice of approval by the Clearinghouse, thereafter become a Clearing Member at such time as the applicant has filed with Cboe Clear US such agreements and documents, and performed such undertakings as Cboe Clear US

Cboe Clear US will credit to the FCM Clearing Member the Collateral that such FCM Clearing Member deposits. Collateral shall be held by the Clearinghouse until an FCM Clearing Member submits a withdrawal notification, unless otherwise provided by the Rules.

~~(m)~~(n) Cboe Clear US will not be responsible for any diminution in value of Collateral that an FCM Clearing Member deposits with the Clearinghouse, except, in the case of U.S. dollars, the diminution of value is as a direct result of investment activity of the Clearinghouse, such activity having been conducted in full compliance with CFTC Regulations. Any fluctuation in markets is the risk of each FCM Clearing Member. Any interest earned on FCM Clearing Member Collateral may be retained by the Clearinghouse.

~~(n)~~(o) If an FCM Clearing Member is in Default, Cboe Clear US may foreclose on and sell any of the Collateral deposited by such FCM Clearing Member without notice in accordance with the Cboe Clear US Default Management Plan.

~~(o)~~(p) Cboe Clear US may invest and reinvest all or part of the Collateral deposited with the Clearinghouse by an FCM Clearing Member. Such investments shall be for the account and risk of Cboe Clear US, and any income and gains on such investments and interest on such deposits shall belong to Cboe Clear US and may be withdrawn from the account holding the Initial Margin and deposited with the general funds of Cboe Clear US.

~~(p)~~ ~~Approved Depository Institution Authorization.~~

~~(iii) Authorization. The authorization granted to the Clearinghouse and each Approved Depository Institution pursuant to this Rule 403 shall remain in full force and effect unless and until expressly revoked or modified by written notice received and accepted by the Clearinghouse and each Approved Depository Institution at least five (5) Business Days prior to the day any proposed revocation or modification is to become effective. In the event such authorization should be revoked or terminated by operation of law without notification to the Clearinghouse and each~~

~~Approved Depository Institution, the obligation of each Clearing Member to indemnify and hold harmless the Clearinghouse and each Approved Depository Institution pursuant to this Rule 403 shall nevertheless continue in full force and effect with respect to any act or omission made in compliance with this Rulebook until such written notice has been so received.~~

404 Offset and Settlement

- (a) Where, as the result of novation of a Contract or if the Contract has been extinguished and replaced under Rule 402, a Clearing Member has bought and sold a Contract on or subject to the Rules of a Participating Exchange with the same expiration, or otherwise deemed economically equivalent by the Clearinghouse, the purchase and sale will be offset by Cboe Clear US through the timely submission of instructions by the Clearing Member containing such information as prescribed by Cboe Clear US. All swaps with the same terms and conditions, as defined by product specifications established by the Clearinghouse, submitted to the Clearinghouse for clearing are economically equivalent within the Clearinghouse and may be offset with each other within the Clearinghouse.
- (b) Contracts made and designated by the Clearing Member as for the Clearing Member's Customer Account shall not be offset under this Rule against Contracts designated by the Clearing Member as for the Clearing Member's own Member Property Account.
- (c) A Clearing Member shall be required to pay ~~the a~~ loss or entitled to collect ~~at the~~ profit, as the case may be, upon the offsetting of transactions pursuant to this Rule 404, and shall have no further rights or be under any further obligation with respect thereto. For purposes of this Rule 404, the first Contracts made shall be deemed the first Contracts offset.
- (d) The Clearinghouse will conduct final settlement following expiration of a Contract (i) using the previous settlement cycle price and the final settlement price for a Contract calculated by the relevant Participating Exchange; and (ii) applying any other outstanding Obligations that may be applicable pursuant to the specifications of the Contract and calculated by the relevant Participating Exchange.

405 Approved Depository Institutions

(a) Each Clearing Member shall establish and maintain account(s), including any customer-segregated accounts, at an Approved Depository Institution for the payment of Initial Margin, Variation Margin, and any other Obligations due to the Clearinghouse pursuant to the Rules.

(b) Accounts. Clearing Members shall from time to time designate in writing to the Clearinghouse its account(s) to be debited in connection with amounts due to the Clearinghouse by a Clearing Member and its Customers pursuant to these Rules. The Clearinghouse shall give instructions to the Approved Depository Institution of a Clearing Member corresponding to the accounts to debit the accounts of a Clearing Member in such amounts as the Clearinghouse may specify for the deposit with, or payment to, the Clearinghouse of Initial Margin, Variation Margin, option premiums or the purchase price of any commodity, or any other Obligations as

prescribed from time to time by the Clearinghouse or coming due in accordance with the Rules and to transfer such amounts so debited to such account to Accounts of the Clearinghouse as the Clearinghouse may specify.

(c) Effectuate Authority. Clearing Members shall execute and deliver such instruments and documents, and take such further action, as each Approved Depository Institution may reasonably request to confirm or better effectuate the authority granted to the Clearinghouse pursuant to this Rule 405.

(d) Authorization. The authorization granted to the Clearinghouse and each Approved Depository Institution pursuant to this Rule 405 shall remain in full force and effect unless and until expressly revoked or modified by written notice received and accepted by the Clearinghouse and each Approved Depository Institution at least five (5) Business Days prior to the day any proposed revocation or modification is to become effective. In the event such authorization should be revoked or terminated by operation of law without notification to the Clearinghouse and each Approved Depository Institution, the obligation of each Clearing Member to indemnify and hold harmless the Clearinghouse and each Approved Depository Institution pursuant to this Rule 405 shall nevertheless continue in full force and effect with respect to any act or omission made in compliance with this Rulebook until such written notice has been so received.

(e) A bank, trust company or other depository that meets such financial and other requirements of Cboe Clear US may be designated by Cboe Clear US as an Approved Depository Institution. For purposes of holding funds deposited for swaps, no depository shall be designated by Cboe Clear US as an Approved Depository Institution unless it meets the requirements set forth in CFTC Regulation 22.4.

406 Statement of Trades and Contracts

Cboe Clear US shall in the manner and at the time that it determines from time to time make available to a Clearing Member an accounting of trades and Contracts for each Business Day on which such Clearing Member has trades to be cleared or Contracts open with Cboe Clear US. Any amounts the Clearing Member has posted to Cboe Clear US pursuant to Rule 403 shall be indicated on this statement.

(b) The Clearinghouse will provide each Clearing Member carrying a cleared swap with a definitive written record of the terms of the transaction, which will legally supersede any previous agreement and serve as a confirmation of the swap. The confirmation of all terms of the transaction will take place at the same time as the Clearinghouse accepts the swap for clearing.

407 Confirmation to Customers

An FCM Clearing Member carrying Customer Accounts shall confirm to the Customer every transaction made for the Customer no later than the following Business Day. Such confirmation

shall be in electronic or written form and shall show the Contract bought or sold, the quantity, the price, and delivery month.

408 Transfer Trades

- (a) Trades and positions may be transferred on the books of a Clearing Member or from one Clearing Member to another Clearing Member provided that:
 - (i) the transfer constitutes a change from one account to another account where the underlying beneficial ownership in such accounts remains the same;
 - (ii) an error has occurred in the clearing of a trade and a transfer to correct such error is undertaken and is completed within two Business Days after the trade date;
 - (iii) the transfer is in connection with, or as a result of, a merger, asset purchase, consolidation or similar non-recurring transaction between two or more entities where one or more entities become the successor in interest to one or more other entities; or
 - (iv) if, in the judgment of Cboe Clear US, the situation so requires and such transfer is in the best interest of Cboe Clear US or other Clearing Members, including Rule 601(d)(ii) transfers.
- (b) Notwithstanding subparagraph (a) above, a Clearing Member that carries a position in a physically-settled Contract that has expired may transfer the position pursuant to Rule 410.
- (c) Unless otherwise permitted by Cboe Clear US, a transfer that is permitted pursuant to this Rule 408 shall be recorded and carried on the books of the receiving Clearing Member at the daily settlement price on the trade date the transfer occurs. This Rule 408 does not prohibit cash adjustments between Clearing Member parties to a transfer.

409 Settlement Prices

(a) Daily Settlement Prices. In the case of inaccuracy or unavailability of a Daily Settlement Price, or if a Daily Settlement Price creates risk management concerns for the Clearinghouse, the Clearinghouse reserves the right to calculate Initial and Variation Margin using an alternate price determined by the Clearinghouse. The Clearinghouse shall in such circumstances promptly notify Clearing Members of the alternate Initial or Variation Margin amounts.

(b) Final Settlement Prices. If a final settlement price is unable to be determined or if the applicable procedures of a Participating Exchange result in a clearly aberrant final settlement price inconsistent with market value, then the Clearinghouse, using its best efforts to consult with the Participating Exchange, may establish a final settlement price that reflects the true market value at the time of final settlement. A payment in settlement of a delivery obligation (physical or cash settled) shall not be adjusted after ten business days for any reason, including, without limitation, a calculation error or erroneous and/or incomplete input.

(c) Other Payment Obligations. If a cash adjustment, applicable to a Contract pursuant to the Contract specifications, is unable to be determined, creates risk management concerns for the

Clearinghouse, or if the applicable procedures of a Participating Exchange result in a clearly aberrant cash adjustment inconsistent with market value, then the Clearinghouse, using its best efforts to consult with the Participating Exchange, may establish a cash adjustment that reflects the true market value at the time of the adjustment. A payment in connection with a cash adjustment shall not be adjusted after ten business days for any reason, including, without limitation, a calculation error or erroneous and/or incomplete input.

410 Delivery

- (a) For a Contract that is physically settled, delivery shall occur through an EDM subject to the requirements and pursuant to the processes set forth in this subparagraph (a) and as may be determined by the Clearinghouse. The Clearinghouse will publish a timeline of the physical delivery process set forth in this Rule 410, including times that may be determined by the Clearinghouse pursuant to this Rule 410.
 - (i) At least 10 Business Days prior to the Contract expiry in which an FCM Clearing Member or FCM Customer wishes to participate as an EDM, such FCM Clearing Member or FCM Customer must: a) have a Spot Membership application approved by a Participating Exchange; b) deposit requisite funds into a proprietary spot account that has been duly authorized by Cboe Clear US to participate in the physical delivery process; and c) receive final EDM status authorization.
 - (ii) Only accounts associated with an EDM shall be allowed to maintain open positions to make or take delivery in an expiring physically-settled Contract during the three Business Days prior to the last day of trading. Trading an expiring physically-settled Contract in an account not associated with an EDM is prohibited beginning the three Business Days prior to the last trading day through expiration.
 - (iii) An FCM Clearing Member carrying open positions in an account not associated with an EDM must liquidate open positions by the close of trading three Business Days prior to the last trading day.
 - (iv) An FCM Clearing Member must report to the Clearinghouse all positions that will be carried to expiry two Business Days prior to the last day of trading at a time determined by the Clearinghouse. If any updates are made to positions that will be carried to expiry following this reporting period and prior to the last day of trading, an FCM Clearing Member must report to the Clearinghouse any such updates on the Business Day prior to the last day of trading at a time determined by the Clearinghouse. Any updates made on the last day of trading must be reported pursuant to subparagraph (vi) below.

- (v) An EDM must deposit all underlying assets required to make delivery immediately upon expiration. An EDM must deposit all funds required to take delivery no later than one hour following expiration.
 - (vi) An FCM Clearing Member must submit to the Clearinghouse, at a time following expiration and in the form and manner specified by the Clearinghouse, reports for all expiring contracts that include all information required by the Clearinghouse pursuant to Rule 303(b)(vi).
 - (vii) If, due to an error, omission or outtrade in connection with a position carried by an FCM Clearing Member discovered upon or after the last day of trading, an FCM Clearing Member may, with the consent of the Account owner or the persons authorized to control trading in the account, transfer the position to an Account with different beneficial ownership. Notice of delivery obligation transfers must be made to the Clearinghouse the same Business Day, in a form and manner prescribed by the Clearinghouse. Such transfers require that the Clearinghouse receive acceptance from an account(s) with different beneficial ownership and confirmation of the agreed upon transfer by the initiating party. Such confirmation must be submitted in writing on the form specified by the Clearinghouse. In the event a delivery obligation transfer notification does not result in a trade transfer, delivery will take place as required by the Clearinghouse.
 - (viii) Final delivery is performed by the Clearinghouse on the books and records of the Clearinghouse at a time determined by the Clearinghouse.
- (b) In the event an FCM Clearing Member or its EDM Customer(s) fail to fulfill any and all delivery obligations, the Clearinghouse may deem such failure to be a delivery failure of the FCM Clearing Member and may deem such failure as a default pursuant to the Rules.
- (c) Where an EDM (buyer) has failed to make full payment due in order to take delivery, the Clearinghouse shall debit the account of the FCM Clearing Member an amount sufficient to fulfill the delivery obligation.
- (d) Where an EDM (seller) has failed to meet its delivery obligations, the Clearinghouse shall make every attempt to remediate the failure by implementing the following Alternative Delivery Process (ADP) measures:

- (i) The Clearinghouse, on behalf of the EDM (seller) that has failed to deliver, shall communicate with an approved set of non-failing EDMs to obtain a price at which the failed delivery position may be liquidated or transferred to a non-failing EDM.
 - (A) In the case a position is liquidated then the Clearinghouse shall register a trade between the failing EDM (seller) and the EDM to take delivery (buyer) at the price obtained pursuant to subparagraph (d)(i) above, such that the short position of the failing EDM (seller) and the long position of the EDM (buyer) are offset.
 - (B) In the case a position is transferred then the Clearinghouse shall register a trade between the failing EDM (seller) and a non-failing EDM (seller) at the price obtained pursuant to subparagraph (d)(i) above, such that the short position of the failing EDM (seller) is transferred to the non-failing EDM (seller). The new non-failing EDM (seller) must deposit the required underlying assets within one hour of the transfer.
- (ii) The Clearinghouse will include, in the settlement cycle following the final delivery process, any gain or loss resulting from a registered ADP trade in the accounts of the non-failing EDM (buyer or seller, as applicable) or failing EDM (seller), respectively.
- (iv) In the event ADP is unsuccessful, financial performance will be granted to any affected EDMs intended to take delivery and whose actions or omissions did not cause or contribute to the delivery failure. Upon determination by the Clearinghouse that ADP cannot satisfy either the liquidation or transfer of the position held by the failing EDM (seller), the Clearinghouse shall debit the account of the FCM Clearing Member that is financially liable for a delivery failure the amount of financial performance required to fulfill the delivery obligation. The Clearinghouse shall then distribute through the final delivery process the financial performance proceeds on a pro-rata basis to the affected EDMs based upon the delivery failure position relevant to the total short position at the time of delivery. For the purposes of this subparagraph (d)(iv), “financial performance” means payment of commercially reasonable costs in U.S. dollars to replace the failed delivery, but does not include physical performance or legal fees. Commercially reasonable cost will be determined using the settlement price of the underlying asset market on expiration day.

- (v) FCM Clearing Members are financially liable for delivery failures of their accounts, including Customer accounts, and must pay financial performance upon delivery failure. FCM Clearing Members are prohibited from paying any financial performance in connection with delivery failure of their accounts, including Customer accounts, with funds from non-failing Customer accounts.
- (e) Should the Clearinghouse suffer a Default Loss as a result of a delivery failure, such Default Loss shall be handled in accordance with the procedures set forth in the Default Management Plan.

411 Reporting

Clearing Members shall make such reports in respect of trades, Contracts, settlements and deliveries as may be as prescribed by Cboe Clear US.

The Clearinghouse will notify the Participant Exchange(s) of which the defaulting FCM Clearing Member is a member of the Default.

- (b) The Clearinghouse may take any appropriate action, in its discretion, with respect to a Defaulting FCM Clearing Member's Member Property or Customer Accounts, including but not limited to the liquidation or transfer of positions, suspension, or revocation of clearing membership, in accordance with the Rules, including the Default Management Plan.

- (d) Cboe Clear US may cause all Contracts of such Clearing Member (whether or not carried in a Customer Account) to be closed or offset, transferred to any other Clearing Member, or otherwise resolved as provided in the Rules, including but not limited to the Default Management Plan and Rule 506.
- (e) If the Initial Margin held with respect to such FCM Clearing Member's Member Property Accounts, and other of such Clearing Member's assets held by, pledged to or otherwise available to Cboe Clear US, including any guarantee issued pursuant to these Rules, are insufficient to satisfy the defaulting Clearing Member's Obligations to Cboe Clear US after giving effect to the application of such amounts pursuant to paragraph (b), the defaulting FCM Clearing Member shall continue to be liable therefor.
- (f) In closing, offsetting, transferring or otherwise resolving the Contracts of a Clearing Member as provided herein and in Rule 601, Cboe Clear US shall have the right:
 - (i) With respect to Contracts in a Customer Account of such FCM Clearing Member, to set off (x) any proceeds received by Cboe Clear US from the disposition of such Contracts and any property or proceeds thereof deposited with or held by Cboe Clear US as Initial Margin for such account against (y) any amounts paid by Cboe Clear US in the disposition of such Contracts, including any commissions or other losses or expenses incurred in connection therewith or in connection with the liquidation of Initial Margin deposits in such Customer Account and any other amounts owed to Cboe Clear US as a result of transactions in the Customer Account or otherwise lawfully chargeable against such Customer Account;

- (g) For purposes of this Rule, each Default by a Clearing Member will be considered a separate Default.

Funds and assets belonging to Clearing Members that are invested by Cboe Clear US shall be held in instruments that comply with CFTC Regulation 39.15(e).

504 Scope of Guaranty Fund

- (a) The Clearinghouse shall establish and maintain a Guaranty Fund to collateralize financial exposures that exceed the capital contributed by the Clearinghouse as Default Financial Resources in the amounts payable to the Clearinghouse by an FCM Clearing Member. FCM Clearing Members will not have a Guaranty Fund Requirement until the Clearinghouse has met its stated corporate contribution commitment to the Default Financial Resources.
- (b) The Guaranty Fund is comprised of Guaranty Fund Deposits by FCM Clearing Members to satisfy any Guaranty Fund Requirements. Each FCM Clearing Member shall be required to

contribute to the Guaranty Fund in accordance with the procedures as determined by Cboe Clear US.

(c) The form and amount of such Guaranty Fund Deposits will be determined by Cboe Clear US and will be reviewed periodically and communicated to FCM Clearing Members. Guaranty Fund Deposits from a Defaulting FCM Clearing Member will be applied to mitigate the Default Loss prior to applying Clearinghouse capital contributed as Default Financial Resources.

(d) All contributions made by an FCM Clearing Member to the Guaranty Fund remain the property of the FCM Clearing Member making such contribution unless and until such time as the funds are applied to mitigate a Default Loss.

(e) If all Collateral from an FCM Clearing Member in Default, applied pursuant to the Default Management Plan, is insufficient to cover Default Losses caused by that FCM Clearing Member, then Clearinghouse capital contributed as Default Financial Resources will be used in its entirety before using any Guaranty Fund Deposits from non-Defaulting FCM Clearing Members.

(f) The Clearinghouse may use Default Financial Resources to fund Non-Default Losses. Non-Default Losses will be funded proportionately by the Clearinghouse's current corporation contribution and the Clearing Member Guaranty Fund Deposits, pursuant to the Default Management Plan.

505 Guaranty Fund Contributions

(a) All FCM Clearing Members must deposit and maintain with the Clearinghouse the Guaranty Fund Deposit requirement as prescribed by the Clearinghouse in accordance with Rules 504 through 507 and the Cboe Clear US Default Management Plan.

(b) Any shortfall in Collateral to satisfy Guaranty Fund Requirements resulting from the Clearinghouse's periodic sizing of its Guaranty Fund will require additional Guaranty Fund Deposits.

(c) Guaranty Fund Deposits to the Guaranty Fund must be made in the form of cash (USD) and are subject to the limitations and minimum cash deposits, if any, adopted by the Clearinghouse, published by the Clearinghouse on its website from time to time.

(d) Guaranty Fund Deposits shall be held in a settlement bank approved for the purpose by the Clearinghouse. Upon a Default, the Clearinghouse shall have the sole right to withdraw cash from such account(s) subject to the rights of any assignee, pledge or holder of a security interest in the Guaranty Fund or any cash therein.

(e) So long as any Person is an FCM Clearing Member and thereafter for the period until the Clearinghouse returns such Person's Guaranty Fund Deposit, the Guaranty Fund Deposit of such Person may be applied by the Clearinghouse in accordance with the Cboe Clear US Default Management Plan.

(f) Upon a Default, the Clearinghouse may assign, transfer, pledge, repledge or otherwise create a lien on or security interest in the cash and other property that may be acceptable to the Clearinghouse held in the Guaranty Fund.

506 Default Auctions

(a) In connection with a Default, the Clearinghouse may determine to conduct one or more private auctions amongst qualified market participants invited by the Clearinghouse to submit confidential bids to facilitate the liquidation of a Defaulting Clearing Member's portfolio ("Default Auction"). The Clearinghouse may conduct a single auction of a Defaulting Clearing Member's portfolio or divide the portfolio of a Defaulting Clearing Member into discrete auctions.(b) Mandatory participants in a Default Auction include:

(1) All non-Defaulting FCM Clearing Members with house accounts that regularly carry positions in the products subject to a Default Auction are required to participate in a Default Auction; and

A customer of an FCM Clearing Member may participate in such a default auction liquidity provider incentive program administered by the Clearinghouse.

(c) Non-FCM Clearing Members, including customers, may voluntarily participate in a Default Auction, subject to requirements prescribed by the Clearinghouse.

(d) The Clearinghouse shall provide mandatory participants with a minimum participation level in each Default Auction determined by the participant's proportionate share of total Initial Margin requirement for the applicable product classes in a Defaulting FCM Clearing Member's portfolio.

(e) The Clearinghouse will provide notice of a Default Auction, including the time and date of the auction.

(f) The Clearinghouse will provide to auction participants, in a form and manner prescribed by the Clearinghouse, information regarding the portfolio to be auctioned, timing for the bidding process, and participation criteria.

507 Assessments

(a) Payment of Assessment Amounts that replenish the Guaranty Fund shall be made by FCM Clearing Members on the basis of the same proportionality at the time of the Default that resulted in the assessment. The Clearinghouse may require greater amounts than indicated of the original proportional share of the Assessment Amount due to the failure, or the announced intention of failure, by one or more FCM Clearing Members to pay its assessment.

(b) Assessments are payable to the Clearinghouse according to the normal settlement procedures on the Business Day on which the notice of assessment is delivered to FCM Clearing Members.

(c) Any FCM Clearing Member that does not satisfy an assessment shall be in Default, and shall be responsible for any Default Loss that occurs.

(d) Assessments on FCM Clearing Members shall not exceed the thresholds set forth in the Default Management Plan.

- (i) if the Clearing Member is in Default;
- (ii) if any of the conditions or events enumerated in Rule 502(a) occur, notwithstanding a declaration of Default;
- (iii) if the Clearing Member is subject to any statutory disqualification (unless an appropriate exemption has been obtained thereto);
- (iv) if the Clearing Member fails to meet the Clearing Member eligibility requirements set forth in Rule 301;
- (v) upon the discovery of a materially false or misleading representation or warranty made by the Clearing Member to Cboe Clear US under or in connection with any agreement, including the Clearing Member Application, between Cboe Clear US and the Clearing Member;

- (vi) if a breach by the Clearing Member of the Rules or any of the terms or provisions of any agreement, including the Clearing Member Application, between Cboe Clear US and the Clearing Member is not remedied promptly after notice from Cboe Clear US;
- (vii) in the event of a material violation of the Rules of the Clearinghouse or the rules of a Participating Exchange; or
- (viii) (v) if the Board, Chief Risk Officer, or other designated Officer determines that suspension is necessary for the protection of Cboe Clear US, other Clearing Members, or the general public (whether or not such Clearing Member continues to meet the required minimum financial requirements pursuant to the Rules).

Pursuant to Rule 207, Emergency Rules may require or authorize Cboe Clear US, the Board, any Committee, or the Officers of Cboe Clear US to summarily suspend a Clearing Member.

- (b) Notice of Suspension to Clearing Members. Upon the suspension of an FCM Clearing Member, based on the Rule 601 (a), Cboe Clear US shall as soon as possible notify all Clearing Members of the suspension. Such notice shall state to the extent practicable in general terms how pending transactions, open positions and other pending matters will be affected and what steps are to be taken in connection therewith.
- (c) Pending Transactions. Notwithstanding any other provision of the Rules, Cboe Clear US shall have no obligation to accept any transaction of a suspended Clearing Member that was effected after the time at which the Clearing Member was suspended. In the event a transaction of a suspended Clearing Member is rejected by Cboe Clear US, Cboe Clear US shall provide notice of such rejection to the other party thereto and such transaction shall be closed by the other party thereto in accordance with the rules of a Participating Exchange.
- (d) Open Positions. Cboe Clear US shall have the right to cause open positions in Contracts in any of the accounts of a suspended Clearing Member:
 - (i) To be closed in such manner as deemed practicable by Cboe Clear US, in its sole discretion;
 - (ii) To be transferred to the account of one or more other Clearing Members;
 - (iii) To be offset against each other and, to the extent of any remaining imbalance, against the Contracts of other Clearing Members; or
 - (iv) To be settled at the Settlement Price for such Contracts, or at such other price or prices as Cboe Clear US may deem fair and reasonable under the circumstances, in which event Cboe Clear US may cause Contracts in the accounts of other Clearing Members to be settled at such price or prices; or

- (v) Take any other action with respect to open positions it deems in the best interest of the Clearinghouse or Clearing Members.
- (vi) In connection with any action undertaken by Cboe Clear US pursuant to subparagraphs (i) through (v) above, Cboe Clear US shall have the right to apply the margin of the applicable Clearing Member and any other assets of such Clearing Member held by, pledged to or otherwise available to Cboe Clear US, including any guarantee issued pursuant to these Rules, to discharge the Obligations of such Clearing Member to Cboe Clear US (including any costs and expenses associated with the liquidation, transfer or management of Contracts held in or for the accounts of such Clearing Member, and any fees, assessments or fines imposed by Cboe Clear US on such Clearing Member).
- (e) Cboe Clear US may determine the nature and timing of transactions of the type described in subparagraph (d). If Cboe Clear US shall determine, taking into account the size and nature of a suspended Clearing Member's positions, market conditions prevailing at the time, the potential market effects of liquidating transactions that might be directed by Cboe Clear US, and such other circumstances as Cboe Clear US deems relevant, that the closing out of some or all of the suspended Clearing Member's positions would not be in the best interests of Cboe Clear US, other Clearing Members, or the general public, such positions need not be closed out.
- (f) Protective Action. If Cboe Clear US (i) is unable, for any reason, to close out in a prompt and orderly manner any positions or to convert to cash any margin deposits of a suspended Clearing Member, or (ii) elects pursuant to paragraph (d) of this Rule not to close out any such positions, Cboe Clear US may authorize the execution of hedging transactions from time to time for the account of Cboe Clear US, solely for the purpose of reducing the risk to Cboe Clear US resulting from the continued maintenance of such positions or the continued holding of such margin deposits. Cboe Clear US may determine the nature and timing of such hedging transactions.
- (g) The Clearinghouse may take any action pursuant to Rule 606 with respect to any Clearing Member summarily suspended pursuant to this Rule 601.
- (h) Reimbursement of Costs and Expenses. Any costs or expenses, including losses, sustained by Cboe Clear US in connection with transactions effected for its account pursuant to this Rule shall be charged to the suspended Clearing Member, and any gains realized on such transactions shall be credited to such Clearing Member; provided, however, that costs, expenses, and gains allocable to the hedging of positions in a Customer Account shall be charged or credited, as the case may be, to the Customer Account, and only the excess, if any, of such costs and expenses over the funds available in that account shall be charged to the Clearing Member. Reasonable allocations of costs, expenses, and gains among accounts made by Cboe Clear US for the purpose of implementing the proviso to the preceding sentence shall be binding on the Clearing Member and any persons claiming through the Clearing Member and their respective successors and assigns.

602 Right of Suspension Hearing

- (a) A Clearing Member suspended pursuant to Rule 601 shall be entitled, upon request within five Business Days after the date of its receipt of a written statement of the grounds for its suspension, and shall have the right to notify the Clearinghouse that the Clearing Member desires a hearing upon the suspension. Failure to so notify the Clearinghouse within such five-day period shall constitute summary suspension, including all actions taken by the Clearinghouse in connection with the suspension, and a waiver of all rights of review with respect to the suspension.
- (b) The notice of request for a hearing pursuant to this Rule shall not impair the validity or stay the effect of the suspension upon which the request for hearing is made. The reversal or modification of a suspension shall not invalidate any acts of Cboe Clear US taken pursuant to such suspension prior to such reversal or modification, and the rights of any person which may arise out of any such acts shall not be affected by such reversal or modification.

603 Sanctions from Disciplinary Proceedings

- (a) Except as provided in Rule 604, Cboe Clear US shall refer to the Market Regulation Department of Cboe Futures Exchange, LLC for appropriate action in accordance with Chapter 7 of the rules of Cboe Futures Exchange, LLC, the following: (i) a violation by a Clearing Member of the CEA and CFTC Regulations or Cboe Clear US, (ii) any neglect or refusal by a Clearing Member to comply with any applicable order or direction of Cboe Clear US, (iii) any error, delay or other conduct by a Clearing Member that materially and adversely affects the operations of Cboe Clear US, or (iv) a failure of a Clearing Member to provide adequate personnel or facilities, including the supervision thereof, where applicable, for its transactions cleared with Cboe Clear US.
- (b) The provisions of this Rule shall be inapplicable to any summary suspension of a Clearing Member pursuant to Rule 601. For the avoidance of doubt, the provisions of this Rule will apply to any hearing upon a suspension requested pursuant to Rule 602.
- (c) Cboe Clear US shall provide prompt notice to the CFTC of any action taken in accordance with this Rule 603.

604 Summary Fines

- (a) Cboe Clear US may publish a schedule of fines for Clearing Members that fail to make timely and accurate submissions to the Clearinghouse of notices, reports, or other information required under the Rules of the Clearinghouse and other minor violations of the Rules.
- (b) Cboe Clear US may summarily impose a fine against a Clearing Member as provided in this Rule. In such event, Cboe Clear US will give notice of any fine to such Clearing Member that specifies: (1) the date of the Rule violation(s); (2) the amount of the fine; and (3) the provision(s) of the relevant Rule(s).

- (c) The maximum fine imposed pursuant to this Rule shall not exceed \$5,000 for each violation.
- (d) Within 20 days of the Clearinghouse serving the notice of fine, the Clearing Member must pay the fine. The imposition of a fine pursuant to this Rule shall be the final action of the Clearinghouse.

605 Discipline by Other Self-Regulatory Organizations

Nothing in this Chapter 6 shall affect the right of any self-regulatory organization to discipline its members pursuant to the provisions of its rules for a violation of the Rules of Cboe Clear US.

606 Restriction on or Termination of Clearing Privileges

- (a) If, with respect to any Clearing Member, (1) any of the conditions or events enumerated in Rule 502(a) occur, notwithstanding a declaration of Default, (2) any of the conditions or events enumerated in Rule 601(a) occur (which includes a declaration of Default), notwithstanding a Suspension, (3) a Rule 601 Suspension occurs, or (4) Cboe Clear US determines that the financial or operational condition of a Clearing Member or one of its affiliates is such that to allow the Clearing Member to continue its operation as a Clearing Member could adversely affect Cboe Clear US or cleared markets (whether or not such Clearing Member continues to meet the required minimum financial requirements, if applicable), Cboe Clear US may take one or more of the following actions:
 - (i) Allow such Clearing Member (in the case of an FCM Clearing Member handling Customer Accounts) to submit Contracts for clearing solely for its Member Property Account;
 - (ii) Limit or restrict the type of Contracts that may be cleared by such Clearing Member in any of its Accounts with Cboe Clear US;
 - (iii) Limit or restrict the number of Contracts that are permitted to be maintained by such Clearing Member in any of its Accounts with Cboe Clear US;
 - (iv) Decline to accept new trades or positions in Contracts for the Accounts of the Clearing Member;
 - (v) Increase such Clearing Member's Initial Margin Requirements and/or require such Clearing Member to deposit the same in cash or Eligible Securities in proportions different than those that are applicable to Clearing Members generally;

 - (xii) Take any other actions it deems proper or in the best interest of the Clearinghouse or its Clearing Members.
- (b) Cboe Clear US has no obligation to clear trades made on a Participating Exchange or any other trading facility where such Clearing Member does not have trading privileges or is not approved for the clearing privileges by the relevant Participating Exchange or facility.
 - (c) A Clearing Member may voluntarily withdraw from Clearing Member status and terminate its clearing privileges upon the approval of Cboe Clear US, which approval shall be granted not later than 30 days following (i) the liquidation or, with the approval of Cboe Clear US, transfer to another Clearing Member of all open positions in the Clearing Member's Accounts at Cboe Clear US, and (ii) the satisfaction of all Obligations of the withdrawing Clearing Member; provided, however that the withdrawing Clearing Member shall remain subject to, and responsible for any violation of, the Rules, interpretations and policies of Cboe Clear US committed by such Person while a Clearing Member, notwithstanding any termination of clearing privileges and Clearing Member status.
 - (d) When a Clearing Member voluntarily withdraws from membership or its membership is terminated, all Obligations of the Clearing Member to Cboe Clear US, of whatever nature or kind, shall be accelerated and become due and payable upon the effective date of such withdrawal or termination. The Clearing Member's funds, Collateral and other deposits will not be released until Cboe Clear US determines that all such Clearing Member's Obligations have been settled and all sums owing to Cboe Clear US have been paid. In addition, when a Clearing Member voluntarily withdraws from membership or its membership is terminated, Clearing Member shall:
 - (i) cease immediately all uses of the Clearinghouse services, the system and any Access Methods provided to Clearing Member,
 - (ii) upon request by the Clearinghouse, destroy or return to the Clearinghouse all tangible materials (and all copies thereof) provided by the Clearinghouse (or its third-party service providers), and, in the case of electronic records, destroy all such records to the extent reasonably feasible, and

- (e) Notwithstanding the foregoing, (a) in the event retention of the materials and records described in subparagraph (d)(ii) above is required by Applicable Law or regulation or by a self-regulatory body with competent jurisdiction over Clearing Member, Clearing Member agrees to continue to hold such materials and records as Confidential Information pursuant to Rule 703 and to destroy or return such materials and records to the Clearinghouse in compliance with this Rule 606 once retention is no longer required, and (b) with respect to any electronic records of Clearing Member not reasonably feasible to destroy, as described in clause (ii) above, Clearing Member shall continue to hold such records as Confidential Information pursuant to Rule 703 hereof. Any disputes which arise while a Clearing Member which relate to or arise out of any transaction with Cboe Clear US or status of a Clearing Member in Cboe Clear US shall be resolved in accordance with the Rules.

Notwithstanding the foregoing, the Chief Compliance Officer and the Compliance Department shall be assisted by the Chief Regulatory Officer and the Regulatory Division, in particular with respect to the disciplinary proceedings of the Clearinghouse as set forth in this Chapter. Under the direction of the Chief Regulatory Officer, the Regulation Division will determine the nature and scope of its inquiries and investigations and will perform its regulatory functions, including conducting disciplinary proceedings, independently of any commercial interests of the Clearinghouse. The Clearinghouse shall not use for business or marketing purposes any proprietary data or personal information it collects or receives, from or on behalf of any person, for the purpose of fulfilling its regulatory obligations. Notwithstanding the foregoing, the Clearinghouse may use such data or information for business or marketing purposes if the Person from whom it collects or receives such data or information clearly consents in writing to the Clearinghouse's use of such data or information in such manner. The Clearinghouse shall not condition access to the Clearinghouse or clearing services upon a Person's consent to the Clearinghouse's use of proprietary data or personal information for business or marketing purposes. Where necessary for regulatory purposes, the Clearinghouse may share such data or information with Participating Exchanges and with other markets or clearing organizations with which the Clearinghouse has entered into an information sharing agreement pursuant to Rule 704.

7 MISCELLANEOUS

701 Force Majeure

Notwithstanding any other provision of these Rules, Cboe Clear US shall not be obligated to perform its obligations under these Rules or any agreement with a Clearing Member relating to Contracts, or to compensate any Person for losses occasioned by any delay or failure of performance, to the extent such delay or failure is the result of acts of God, lightning, earthquake, fire, epidemic, landslide, drought, storm, explosion, flood, nuclear radiation, act of a public enemy, terrorist activity, act of state or blockade, insurrection, riot or civil disturbance, strike or labor disturbance, power or communications failure, performance or operation (or non-performance or non-operation) of any digital asset or Ancillary DL in a manner adverse to the

Cboe Clear US shall use commercially reasonable efforts to minimize the effect of such event. As applicable, Cboe Clear US complies with CFTC rules requiring systems and procedures be in place to meet a recovery time objective of no later than the next business day following a disruption.

702 Suspension of Rules

The time frames fixed by these Rules, interpretations or policies of Cboe Clear US for the doing of any act or acts may be extended, or the doing of any act or acts required by these Rules or any interpretations or policies of Cboe Clear US may be waived, and any provision of these Rules or any interpretations or policies of Cboe Clear US may be suspended by Cboe Clear US whenever, in the judgment of the Board or the Officers, such extension, waiver or suspension is necessary or in the best interest of Cboe Clear US. Any such extension or waiver may continue in effect after the event or events giving rise thereto but shall not continue in effect for more than thirty calendar days after the date thereof unless it shall be approved by the Board within such period of 30 calendar days. A written report of any such extension or waiver, stating the pertinent facts and the reason such extension or waiver was deemed necessary or in the best interest of Cboe Clear US shall be presented to the Board at its next regular meeting.

703 Confidentiality

(a) Confidential Information.

- (i) Confidential Information shall include any and all non-public information, in any form, received by Cboe Clear US concerning positions carried by Cboe Clear US or any other clearing organization for a Clearing Member or deliveries made by or to a Clearing Member, and any other information provided by a Clearing Member to Cboe Clear US, including, without limitation, financial statements filed with Cboe Clear US by a Clearing Member.

obtained by the receiving Party from a third Party having the right to furnish such information.

- (c) Nondisclosure. Each Party shall hold in strict confidence the Confidential Information of the other Party, shall use the same degree of care in protecting the confidentiality of the Confidential Information as it uses in protecting its own information of a similar type, and shall not disclose Confidential Information of the other Party to any third Party or use Confidential Information of the other Party for any purpose not expressly permitted under the Rules; *except that* a Party may disclose Confidential Information of the other Party solely to those of its Representatives who have a need to know such Confidential Information in connection with the provision of the systems or services of the Clearinghouse to Clearing Member. The receiving Party will inform its Representatives of the confidential nature of the Confidential Information, will be responsible for enforcing the terms of Rule 703 as to its Representatives, and will take such action, legal or otherwise, as may be reasonably necessary to cause them to comply with the terms and conditions of Rule 703. Cboe Clear US may disclose Confidential Information in the following circumstances;

- (d) Notifications. In the cases of permissible disclosures of Confidential Information under Rule 703(c)(ii) – (iii), the disclosing Party shall, to the fullest extent permitted by law, immediately notify the other Party of such disclosure and cooperate with such Party to obtain appropriate confidential treatment of any Confidential Information to be so disclosed. Clearing Member hereby releases Cboe Clear US from any and all liability by reason of disclosing such information.

704 Information-Sharing Agreements

Cboe Clear US may disclose to any Person or body information concerning or associated with a Clearing Member or other Person that Cboe Clear US believes is necessary and appropriate in exercising a legal or regulatory function (including, without limitation, information concerning any aspect of the business of Cboe Clear US) whether or not a formal arrangement governing the disclosure exists or a request for information was made.

705 Trading by Officers and Employees Prohibited

- (a) No Officer or employee of Cboe Clear US shall trade or participate directly or indirectly in any transaction in any futures, option, or swap traded on any U.S. designated contract market, that are closely related to the Contracts cleared by the Clearinghouse, except to the extent necessary to carry out the provisions of the Rules or as otherwise permitted pursuant to an exemption granted in accordance with this Rule; or
- (b) No Officer, Director, or employee of Cboe Clear US shall disclose any material, non-public information obtained as a result of such Person's employment with Cboe Clear US where the Officer or employee has or should have a reasonable expectation that the information disclosed may assist another Person in trading any commodity interest; provided, that an employee is not prohibited from making disclosures in the course of the

employee's duties, or to another Self-Regulatory Organization, court of competent jurisdiction or representative of any agency or department of the federal or state government acting in his or her official capacity.

707 Governing Law

- (a) These Rules, the Clearing Member Application and all rights and obligations under the foregoing (including the creation of security interests in margin, other Obligations, and Guaranty Fund Deposits), shall be governed by and construed in accordance with the internal laws of the State of Illinois, without giving effect to the conflict of law provisions thereof. Any controversy or claim arising out of or in connection with the Rules or the performance or breach hereof, shall be subject to Rule 708.

708 Dispute Resolution

- (a) Mandatory Arbitration of Disputes Among Clearing Members.

(1) It is contrary to the objectives and policy of the Clearinghouse for Clearing Members to litigate Clearinghouse-related disputes. Clearing Members must arbitrate all disputes that relate to or arise out of any transaction on or subject to the Clearinghouse Rules and based upon facts and circumstances that occurred at a time when the parties were Clearing Members through the American Arbitration Association ("AAA") in accordance with its Commercial Arbitration Rules. In the event of a conflict between the Clearinghouse Rules and the AAA's Commercial Arbitration Rules, the terms of the Clearinghouse Rules shall control.

(2) Notwithstanding the foregoing, this Rule 708 does not require an employee of a Clearing Member to submit to arbitration any claim that includes allegations of a violation of federal, state or local employment discrimination, sexual harassment, wage payment or benefits laws.

(b) Claims Against the Clearinghouse.

(1) Any dispute between the Clearinghouse and a Clearing Member or an affiliate of a Clearing Member arising from or in connection with the Cboe Clear US Rules must be brought to arbitration through the AAA arbitration program or another arbitration program permitted by Exchange Rule 1006 within two (2) years from the occurrence of the event giving rise to the dispute. This Rule shall in no way create a cause of action nor authorize an action that would otherwise be prohibited by the Cboe Clear US Rules.

(2) Any dispute between the Clearinghouse and a Clearing Member or an affiliate of a Clearing Member arising from or in connection with the Cboe Clear US Rules will be settled by arbitration administered through the AAA arbitration program or another arbitration program permitted by CFTC Regulations. Each party to the dispute will bear its own costs and expenses in connection with any arbitration hereunder, as well as an equal share of the administrative fees and the fees of the arbitrator; provided, however, that the arbitrator will be entitled to include in any award a full reimbursement for the prevailing party's costs and expenses, such party's share of the administrative fees and the fees of the arbitrator, or any combination of any or all of the above. In the event that this Rule 708(b)(2) is held to be unenforceable in connection with any dispute or in such case that breach of the Rules may threaten the non-breaching Party with imminent irreparable harm requiring immediate equitable relief, (i) exclusive jurisdiction for any such dispute will reside in any state or federal court sitting in Cook County, Illinois, (ii) the Clearinghouse and the Clearing Member or Clearing Member affiliate involved in the dispute will be presumed to have submitted to the personal jurisdiction of any such court, and (iii) an action to enforce any judgment or decision of such court may be brought in the same court or in any other court with jurisdiction or venue. Finally, all Clearing Members and Clearing Member affiliates unconditionally and irrevocably waive any and all right to trial by jury in connection with any such dispute.

(c) Permissive Arbitrations. The following may be submitted for arbitration through the AAA and, in the event such a claim is submitted against a Clearing Member, that Clearing Member is required to arbitrate the dispute under these Rules, unless otherwise provided:

(1) claims of a Customer that is not a Clearing Member against a Clearing Member that relate to or arise out of any transaction on or subject to the Clearinghouse Rules;

(2) claims of a Customer that is not a Clearing Member against a Clearing Member responsible for the performance of a Contract and/or against a Clearing Member in connection with such a transaction; and

(3) at the discretion of the Chief Regulatory Officer, any claim involving the interests of the Clearinghouse, its Clearing Members, their business relations or commodity futures trading and clearing in general not otherwise arbitrable under these rules, provided the parties have consented to such arbitration.

(d) Waiver of Any Objection to Jurisdiction. Any Person who is not a Clearing Member who submits a claim or grievance to arbitration or any Person who appeals any arbitration decision, or

who takes any steps therein, shall be conclusively presumed to have voluntarily recognized and agreed to the jurisdiction of the AAA to hear and determine the claim or appeal.

(e) Referral to the American Arbitration Association. In the event that a complaint is received by the Clearinghouse from a Customer, it shall be referred to the Participating Exchanges' Market Regulation Department, which shall inform the Customer of the AAA's arbitration program.

(f) The Clearinghouse is adopting the AAA Commercial Arbitration Rules as set forth in this Rule 708. Any violation of the AAA Commercial Arbitration Rules shall be a violation of this Rule 708.

709 Contracts

Cboe Clear US may approve as eligible for clearing contracts with terms and conditions matching the terms and conditions in the relevant Participating Exchange rulebook for such contracts and to the extent permissible under Applicable Law. The terms and conditions of each contract eligible for clearing shall be posted on Cboe Clear US's website and certified with or otherwise approved by the CFTC in accordance with CFTC Regulations, as necessary.

710 Proprietary Rights

As between the Clearinghouse and Clearing Member, the Clearinghouse shall own and retain ownership of all rights, title and interest in and to (i) all information, data and content, including all transaction data submitted to the Clearinghouse, displayed or distributed through the System or submitted to the Clearinghouse related to Contracts or other Clearinghouse services; (ii) the System, and all underlying technology and all materials provided by the Clearinghouse (or its third-party service providers) in connection therewith; (iii) all updates, modifications, enhancements and new versions to or of the foregoing, and all derivative works based thereon; and (iv) all copyrights, patents, trade secrets, database rights and other intellectual property associated with the foregoing (collectively, the "**Clearinghouse Property**"). Clearing Member hereby waives any and all challenges to, or claims or defenses regarding, (a) the Clearinghouse's rights in the Clearinghouse Property, and (b) the Clearinghouse's right to revoke the rights of access granted to Clearing Member by the Clearinghouse.
