A “material relationship” is one that reasonably could affect the independent judgment or decision-making of the Director. In making the finding specified in this Rule, the Board need not consider previous service as a Director of the Exchange to constitute a “material relationship.” A Director shall be considered to have a “material relationship” with the Exchange if any of the following circumstances exist or have existed within the past year:

- (1) Such Director is an Officer or an employee of the Exchange, or an officer or an employee of an Affiliate of the Exchange;
- (2) Such Director is a Trading Privilege Holder or Owner of the Exchange;

Compensation for services as a Director of the Exchange or as a director of an Affiliate thereof does not count toward the \$100,000 payment limit, nor does deferred compensation for services rendered prior to becoming a Director, so long as such compensation is in no way contingent, conditioned, or revocable; or,
 - (6) Notwithstanding Rule 202(e)(5), in the case of a public director that is a member of the Regulatory Oversight Committee or the Exchange Participant Committee, such public director accepts, directly or indirectly, any consulting, advisory, or other compensatory fee from the Exchange or its Affiliate or any member of the Exchange or the member's Affiliate, other than deferred compensation for services rendered prior to becoming a member of the Regulatory Oversight Committee or the Exchange Committee, provided that such compensation is in no way contingent, conditioned, or revocable. This Rule 202(e)(6) does not apply to compensation received in the public director's capacity as a member of the Regulatory Oversight Committee or Exchange Participant Committee.
- (f) Any of the relationships set forth in Rule 202(e)(1) through Rule 202(e)(6) apply to the "immediate family" of such director, i.e., spouse, domestic partner, parents, children, and siblings, in each case, whether by blood, marriage, or adoption, or any person residing in the home of the director or that of his or her "immediate family."

A direct and substantial financial interest includes positions in Contracts in accounts of, controlled by, or affiliated with the Interested Person or in any other types of direct and substantial financial positions of the Interested Person that are reasonably expected to be affected by the deliberations or vote; and/or
- (6) any other circumstance that gives rise to a conflict between the Director's, Officer's, Disciplinary Panel Member's or Other Person's exercise of authority concerning any Self-Regulatory Action and his or her personal interests.

In making its determination, the deliberating body will consider:
 - (1) whether such member's participation in the deliberations is necessary to achieve a quorum; and;
 - (2) whether such member has unique or special expertise, knowledge or experience in the matter being considered.
- (e) The minutes of any meeting to which the conflicts determination procedures set forth in this Rule 213 apply will reflect the following information:
 - (1) the names of all members of the relevant deliberating body who attended such meeting in person or who otherwise participated in such meeting

 - (3) information on the position information that was reviewed for each member of the relevant deliberating body; and
 - (4) any determination made in accordance with Rule 213(d) above.
- (f) If a determination is made that all Directors are Interested Persons with respect to a matter subject to a vote by the Board, the Chief Executive Officer will appoint a panel of individuals who are not Interested

Persons with respect to such matter, which will have the same authority and powers over such matter that the Board would have if the Directors were not Interested Persons with respect to such matter.

- (g) No Director, Officer or member of any committee or panel established by the Board shall use or disclose for any purpose other than the performance of his or her official duties and responsibilities as a Director, Officer or committee or panel member any material, non-public information obtained as a result of the individual's duties and responsibilities as a Director, Officer or committee or panel member. No Director, Officer or committee or panel member shall, directly or indirectly, disclose or use at any time, either during his or her association with the Exchange or thereafter, any confidential information of which the Board member or committee or panel member becomes aware. Such Affected Person may, within seven (7) calendar days, request in writing that the Exchange provide the reasons for the denial, conditioning or termination of Trading Privilege Holder status. The foregoing exception for pool participants shall not apply if the Person is a commodity pool operator, controls the commodity pool's trading decisions, or has an ownership or equity interest of 25% or more in a commodity pool whose operator is exempt from registration with the CFTC.

(m) Limited Exceptions to Aggregation for Independently Controlled Positions.

(1) Positions carried for an eligible entity as defined in CFTC Regulation §150.1(d) in the separate account or accounts of independent account controllers as defined in CFTC Regulation §150.1(e) shall not be aggregated for position limit purposes provided that the positions are not held in the spot month during such time that a spot month position limit is applicable. If an independent account controller is affiliated with the eligible entity or another independent account controller, each of the affiliated entities must comply with the requirements set forth in CFTC Regulation §150.3(4)(i)(A-D).

(2) Positions held by Futures Commission Merchants or their separately organized Affiliates in Customer discretionary accounts or in guided account programs shall not be aggregated for position limit purposes provided that the accounts are controlled by independent traders and meet the standards set forth in CFTC Regulation §150.4(d).

(3) Any Person claiming an exemption from position limits under this Rule 532 must, upon request by the Market Regulation Department, provide any information deemed necessary to support the exemption.

(n) Violations.

(1) No Person shall exceed the position limits set forth in the Rules, unless an exemption is granted by the Market Regulation Department.

(2) The Market Regulation Department and the Exchange Practices Committee shall have the authority to enforce the Cboe Digital Exchange Rules regarding position limits

(3) Any Person making a bid or offer that would, if accepted, cause such Person to exceed the applicable position limits shall be in violation of this Rule 530.

(4) If a position exceeds position limits as a result of an Option assignment, the Person who owns or controls such position shall be allowed one Business Day to liquidate the excess position without being considered in violation of the limits. Additionally, if, at the close of trading, a position that includes Options exceeds position limits when evaluated using the delta factors as of that day's close of trading, but does not exceed the limits when evaluated using the previous day's delta factors, then the position shall not constitute a position limit violation.

(5) A Clearing Member shall not be in violation of this Rule if it carries positions for a Customer in excess of the applicable position limits for such reasonable period of time, generally not exceed one Business Day, as the Clearing Member may require to investigate and liquidate the excess Customer positions.

(6) A Customer who exceeds the position limits as a result of maintaining positions at more than one Clearing Member shall be deemed to have waived confidentiality regarding his positions and the identity of the Clearing Members at which they are maintained. A Clearing Member carrying such positions shall not be in violation of this Rule if, upon notification by the Exchange, it liquidates its pro-rata share of the position in excess of the limits or otherwise ensures the Customer is in compliance with the limits within a reasonable period of time, generally not exceed one Business Day.

(o) Violations, Sanctions and Appeals.

(1) First Violation. The first position limit violation by a Trading Privilege Holder will result in a warning letter issued by the Market Regulation Department, with a copy provided to the carrying Clearing Member(s), if applicable. In circumstances where the carrying Clearing Member has also committed a position limit violation as set forth in this Rule 530 by carrying such positions, a warning letter will be issued to the Clearing Member(s).

(2). Second Violation, Sanctions and Appeals.

(A) A second position limit violation by a Trading Privilege Holder within 24 months of the issuance of a warning letter will result in the imposition of an automatic fine by the Market Regulation Department to the Trading Privilege Holder as set forth below and the issuance of a cease and desist order.

(B) The automatic fine for a position exceeding the applicable limit by up to 25% shall be \$5,000.

(C) The automatic fine for a position exceeding the applicable limit by more than 25% shall be \$15,000.

(3) Referral to the Chief Regulatory Officer.

(A) Any third or subsequent position limit violation within 24 months of the issuance of a warning letter shall be referred by the Market Regulation Department to the Chief Regulatory Officer for consideration of the issuance of charges.

(B) Notwithstanding anything to the contrary contained herein, the Market Regulation Department, in its sole discretion, may refer any position limit violation it deems egregious to the Chief Regulatory Officer for consideration of the issuance of charges.

(4) Appeal. Parties may, within 10 Business Days of being provided notice of sanctions issued pursuant to this section, request an appeal to the Exchange Practices Committee.

(A) Upon receiving a written request for appeal, the Chair of the Exchange Practices Committee shall determine solely upon the written request for appeal and any written response of the Market Regulation Department, whether there is a reasonable basis to conclude that the appellant might be able to meet one of the standards identified in subsection (b) below that would permit the Exchange Practices Committee to set aside, modify or amend the appealed decision. If the Chair determines that such a reasonable basis exists, a hearing will be held. The Exchange Practices Committee Chair's determination of whether to hold a hearing on an appeal shall be final. If a hearing is held the Chair shall allow the filing of briefs in connection with the appeal.

(B) The Exchange Practices Committee shall not set aside, modify or amend the appealed decision unless it determines by a majority vote that the decision was:

(i) Arbitrary, capricious, or an abuse of the Market Regulation Department's discretion;

(ii) In excess of the Market Regulation Department's authority or jurisdiction; or,

(iii) Based on a clearly erroneous application or interpretation of Cboe Digital Exchange Rules.

(C) If a hearing is held, the Exchange Practices Committee shall issue a written decision which shall include a statement of findings with respect to the decision from which the appeal was taken and the Exchange Practices Committee's determination that such initial decision is affirmed, set aside, modified or amended in whole or in part and, with respect to any initial decision that is not affirmed in whole, the Exchange Practices Committee's determination of the order or penalty to be imposed, if any, and the effective date. The decision of the Exchange Practices Committee shall be final and may not be appealed.

RULE 531. Position Accountability

(a) A Trading Privilege Holder who holds or controls, or a Trading Privilege Holder or Clearing Member that carries for another Person, aggregate positions in excess of those specified in the Position Accountability column in the Table in Rule 533, shall:

(1) Provide, in a timely manner upon request by the Exchange, information regarding the nature of the position, trading strategy, and hedging information, if applicable.

(2) Be deemed to have consented, when so ordered by the Exchange, not to further increase the positions which exceed the levels specified in the Position Accountability column in the Table in Rule 533.

(3) Initiate and/or liquidate such positions in an orderly manner.

(b) For purposes of this rule, all positions in accounts for which a Trading Privilege Holder, by power of attorney or otherwise, directly or indirectly controls trading shall be included with the positions held by such Trading Privilege Holder. The provisions of this rule shall apply to positions held by two or more Trading Privilege Holder acting pursuant to an expressed or implied agreement or understanding, the same as if the positions were held by or the trading of the positions was controlled by a single Trading Privilege Holder.

RULE 532. Reports of Large Positions and Ownership and Control Reporting

(a) Large Trader Reporting

(1) Each Trading Privilege Holder, including Clearing Members, shall submit to the Exchange a daily report of all positions at or above the Reportable Futures Level as set forth in the Table in Rule 533 ("Large Trader Report"). Positions at or above the Reportable Futures Level in a discrete Commodity Code (pursuant to the Table in Rule 533) trigger reportable status. For a person in reportable status in a discrete Commodity Code, all positions, regardless of size, in the same discrete Commodity Code must be reported.

(2) All Large Trader Reports shall be submitted in a manner and form acceptable to the Exchange. The Exchange may require that more than one Large Trader Report be submitted daily. The Regulatory Oversight Committee or the Exchange may require reports from any Trading Privilege Holder, including any Clearing Member, on a lesser number of positions than reflected in the Table in Rule 533.

(b) Ownership and Control Reporting

(1) Clearing Members, and any Trading Privilege Holder and other Person required pursuant to CFTC regulations to submit to the CFTC Form 102 (including CFTC Form 102A and CFTC Form 102B), must provide the Exchange with the required Form 102 (including CFTC Form 102A and CFTC Form 102B) identifying the owner, any controlling parties and any additional required information for each reportable account.

(2) Each Trading Privilege Holder that is not a Clearing Member must report to the Exchange the same information regarding the identification and reporting of special accounts relating to Exchange Contracts that each a Clearing Member is required to report to the CFTC pursuant to CFTC regulations for reportable accounts.

(3) A reportable account for the purposes of Rule 532(b)(1) and (b)(2) is an account at or above the Reportable Futures Level and/or the Volume Threshold Reportable Level as identified in the Table in Rule 533.

(2) The applicable Form 102A and Form 102B must be submitted to the Exchange no later than 9:00 am Eastern Time on the Business Day following the date on which the account becomes reportable. Additionally, Trading Privilege Holders must submit a revised form reflecting any material changes to the information previously provided to the Exchange within three Business Days of such changes becoming effective. In the absence of any material changes, the Exchange may require electronic submission of a new Form 102A or Form 102B on an annual basis for the maintenance of accurate records.

RULE 533. Position Limit, Position Accountability, Reportable Level, and Volume Threshold Level Table

The reportable levels for all Contracts are set forth in the Position Limit, Position Accountability, Reportable Level, and Volume Threshold Level Table below. For purposes of the Large Trader Report, Contracts shall be reported according to discrete Commodity Code. The reportable level is the net long position or the net short position for each discrete Commodity Code. Pursuant to Rule 909, concurrent long and short positions must be reported to the Exchange for both sides as open positions (i.e., net long positions or net short positions).

Position Limit, Position Accountability, Reportable Level, and Volume Threshold Level Table:

Contract Name	Commodity Code	Reportable Futures Level for each discrete Commodity Code (Large Trader Report and Form 102A)	Position Accountability for each discrete Commodity Code	Position Limit for each discrete Commodity Code	Volume Threshold Reportable Level for each discrete Commodity Code (Form 102B)
Bitcoin Futures	BTC	25 contracts	N/A	200,000	250 contracts
Ether Futures	ETH	25 contracts	N/A	75,000	250 contracts
Ether Bitcoin Futures	ETBT	25 contracts	N/A	75,000	250 contracts

RULE 534. The Cboe Digital Trading System Access Restrictions

(a) A trade given up to another Clearing Member will be deemed to have been accepted by such Clearing Member if the trade is not rejected by the close of business on the business day following the trade date. The acceptance of a trade by a Clearing Member shall not relieve any Trading Privilege Holder, Authorized Trader, or Clearing Member of the duty to act in accordance with the Rules.

(b) All Persons entering Customer Orders in other than a clerical capacity must have appropriate industry registration and meet all applicable regulatory requirements. Customer Orders must be entered from the premises of an entity registered to conduct Customer business.

(c) Clearing Members shall assist the Exchange in any investigation into potential violations of the Cboe Digital Exchange Rules or the CEA which occur through or with respect to a Cboe Digital Trading System connection guaranteed by the Clearing Member. Such assistance must be timely and may include, but not be limited to, requiring any Trading Privilege Holder or Customer to produce documents, to answer questions from the Exchange, and/or to appear in connection with an investigation. Upon request by the Exchange, Clearing Members shall suspend or terminate a Trading Privilege Holder's or Customer's access if the Exchange determines that the actions of the Trading Privilege Holder or Customer threaten the integrity or liquidity of any Contract or violate any Cboe Digital Rule or the CEA, or if the Customer fails to cooperate in an investigation.

(d) If a Clearing Member has actual or constructive notice of a violation of Cboe Digital Exchange Rules in connection with the use of the Cboe Digital Trading System by a Trading Privilege Holder for which it has authorized a direct connection and the Clearing Member fails to terminate the connection, the Clearing Member may be found to have committed an act detrimental to the Exchange.

RULE 535. Identification of Order Entry Operator

(a) Each Trading Privilege Holder, in a form and manner prescribed by the Exchange, shall include an Order Entry Operator ID with every Order (including, without limitation, every Cancel Order and Cancel Replace/Modify Order) from that Trading Privilege Holder that is submitted to the Cboe Digital Trading System. Any Order submitted to the Cboe Digital Trading System that does not contain an Order Entry Operator ID in a form and manner prescribed by the Exchange will be rejected or canceled back to the sender by the Cboe Digital Trading System.

(b) Natural Persons. Order Entry Operator IDs are subject to the following requirements in relation to a natural person:

(1) Each Order Entry Operator ID shall represent (A) the natural person physically responsible for entering the Order into the Cboe Digital Trading System (if a natural person entered the Order into the Cboe Digital Trading System); or (B) the natural person physically responsible for entering the Order directly or indirectly into a system of or used by a Trading Privilege Holder that interfaces with the Cboe Digital Trading System (if no natural person entered the Order into the Cboe Digital Trading System and instead a natural person entered the Order directly or indirectly into a system of or used by a Trading Privilege Holder that interfaces with the Cboe Digital Trading System).

(2) An Order Entry Operator ID issued for a natural person may only be used by that natural person. An Order Entry Operator ID issued for a natural person may not be used by any other natural person or entity and may not be used as the Order Entry Operator ID for an Automated Trading System.

(c) Automated Trading Systems. Order Entry Operator IDs are subject to the following requirements in relation to Automated Trading Systems. For purposes of this Rule 535, an Automated Trading System is a system that automates the generation and routing of Orders:

(1) Each Order originating from an Automated Trading System that is submitted to the Cboe Digital Trading System shall include an Order Entry Operator ID for that Automated Trading System.

(2) An Order Entry Operator ID issued for an Automated Trading System may only be used for that Automated Trading System. An Order Entry Operator ID issued for an Automated Trading System may not be used for any other Automated Trading System and may not be used as the Order Entry Operator ID for any natural person or entity.

(3) If a natural person utilizes a front-end trading system with automated functionality (such as spreading functionality) and the use of that functionality is ancillary to the natural person's manual trading, an Order Entry Operator ID is not required to be used for that front-end trading system. In that event, the natural person's Order Entry Operator ID may be used for the submission of Orders originating from that front-end trading system. If, however, the automated functionality of the front-end trading system generates a majority of the natural person's Orders, that front-end trading system shall be treated as an Automated Trading System for purposes of this Rule 535 and an Order Entry Operator ID for the frontend trading system must be included in each Order generated by the frontend trading system in order to differentiate those Orders from manual Orders submitted by the natural person.

(d) Records and Reporting. Each Trading Privilege Holder shall comply with the following issuance, recordkeeping, and reporting requirements related to Order Entry Operator IDs:

(1) Each Order Entry Operator ID issued for a natural person or Automated Trading System for inclusion with any Order from the Trading Privilege Holder that is submitted to the Cboe Digital Trading System shall be unique, and shall not be associated with more than one natural person or Automated Trading System, at the Clearing Member level. Each Trading Privilege Holder and any Clearing Member utilized by the Trading Privilege Holder shall coordinate as necessary in order to ensure that this requirement is satisfied.

(2) Each Trading Privilege Holder shall collect and maintain accurate, complete, and up-to-date records with the following information for each Order Entry Operator ID issued for a natural person or Automated Trading System for inclusion with any Order from the Trading Privilege Holder that is submitted to the Cboe Digital Trading System:

(A) a clear identification of whether the Order Entry Operator ID is issued for a natural person or Automated Trading System;

(B) if the Order Entry Operator ID is issued for a natural person, the name, address, telephone and e-mail contact information, and position or relationship to the Trading Privilege Holder of the natural person;

(C) if the Order Entry Operator ID is issued for an Automated Trading System, the name, address, telephone and email contact information, and position or relationship to the Trading Privilege Holder of the head operator of the Automated Trading System; and

(D) any other related information as may be prescribed by the Exchange.

(3) Each Trading Privilege Holder shall provide to the Exchange in a form and manner prescribed by the Exchange information requested by the Exchange regarding any Order Entry Operator IDs and the natural persons and Automated Trading Systems for which they have been issued for inclusion with any Order from the Trading Privilege Holder that is submitted to the Cboe Digital Trading System. The information requested relating to an Automated Trading System may include, among other things, information regarding the head operator and other individuals that operate the Automated Trading System and the type of models, algorithms, programs, and systems utilized by the Automated Trading System.

(4) Each Trading Privilege Holder shall promptly report to the Exchange in a form and manner prescribed by the Exchange any new or changed information regarding Order Entry Operator IDs that are identified to the Trading Privilege Holder by the Exchange as being subject to this reporting requirement.

RULE 536. LIMITATION OF LIABILITY, NO WARRANTIES

(a) EXCEPT AS PROVIDED BELOW, AND EXCEPT IN INSTANCES WHERE A PARTY HAS BEEN FINALLY ADJUDICATED TO HAVE ENGAGED IN WILLFUL OR WANTON MISCONDUCT, IN WHICH CASE THE PARTY FOUND TO HAVE ENGAGED IN SUCH CONDUCT CANNOT AVAIL ITSELF OF THE PROTECTIONS IN THIS RULE 536, NEITHER THE EXCHANGE (INCLUDING ITS SUBSIDIARIES AND AFFILIATES, CLEARING HOUSE, AND ANY TECHNOLOGY SERVICES PROVIDER AND CONTRACTORS PROVIDING SERVICES TO THE EXCHANGE), NOR ANY OF THEIR RESPECTIVE DIRECTORS, OFFICERS, EMPLOYEES, AGENTS, CONSULTANTS, AND LICENSORS (THE "DISCLAIMING PARTY" OR "DISCLAIMING PARTIES") SHALL BE LIABLE TO ANY PERSON FOR ANY LOSSES, DAMAGES, COSTS OR EXPENSES (INCLUDING, BUT NOT LIMITED TO, LOSS OF PROFITS, LOSS OF USE, AND DIRECT, INDIRECT, INCIDENTAL, CONSEQUENTIAL OR PUNITIVE DAMAGES), ARISING FROM:

- (1) ANY FAILURE, MALFUNCTION, FAULT IN DELIVERY, DELAY, OMISSION, SUSPENSION, INACCURACY, INTERRUPTION, TERMINATION, OR ANY OTHER EVENT, IN CONNECTION WITH THE FURNISHING, PERFORMANCE, OPERATION, MAINTENANCE, USE OF OR INABILITY TO USE ALL OR ANY PART OF ANY OF THE SYSTEMS AND SERVICES OF THE EXCHANGE, OR SERVICES, EQUIPMENT OR FACILITIES USED TO SUPPORT SUCH SYSTEMS AND SERVICES, INCLUDING WITHOUT LIMITATION ELECTRONIC ORDER ENTRY/DELIVERY, TRADING THROUGH ANY ELECTRONIC MEANS, ELECTRONIC COMMUNICATION OF MARKET DATA OR INFORMATION, WORKSTATIONS USED BY TRADING PRIVILEGE HOLDERS AND AUTHORIZED TRADERS, PRICE REPORTING SYSTEMS AND ANY AND ALL TERMINALS, COMMUNICATIONS NETWORKS, CENTRAL COMPUTERS, SOFTWARE, HARDWARE, AND FIRMWARE RELATING THERETO; OR
- (2) ANY FAILURE OR MALFUNCTION, FAULT IN DELIVERY, DELAY, OMISSION, SUSPENSION, INACCURACY, INTERRUPTION OR TERMINATION, OR ANY OTHER EVENT, OF ANY SYSTEM OR SERVICE OF THE EXCHANGE, OR SERVICES, EQUIPMENT OR FACILITIES USED TO SUPPORT SUCH SYSTEMS OR SERVICES, CAUSED BY ANY THIRD PARTIES INCLUDING, BUT NOT LIMITED TO, INDEPENDENT SOFTWARE VENDORS AND NETWORK PROVIDERS; OR
- (3) ANY ERRORS OR INACCURACIES IN INFORMATION PROVIDED BY THE EXCHANGE OR ANY OR ANY OF THE EXCHANGE'S SYSTEMS, SERVICES OR FACILITIES; EXCEPT FOR INCORRECT ORDER STATUSING INFORMATION AS PROVIDED IN RULE 539; OR
- (4) ANY UNAUTHORIZED ACCESS TO OR UNAUTHORIZED USE OF ANY OF THE EXCHANGE'S SYSTEMS, SERVICES, EQUIPMENT OR FACILITIES BY ANY PERSON.

THE FOREGOING LIMITATION OF LIABILITY SHALL APPLY WHETHER A CLAIM ARISES IN CONTRACT, TORT, NEGLIGENCE, STRICT LIABILITY, CONTRIBUTION OR OTHERWISE AND WHETHER THE CLAIM IS BROUGHT DIRECTLY OR AS A THIRD PARTY CLAIM.

THE FOREGOING LIMITATION OF LIABILITY SHALL BE SUBJECT TO THE CEA AND REGULATIONS THEREUNDER.

- (b) NOTWITHSTANDING SUBSECTION (a), (b),(e), or (f) OF THIS RULE 536, IN NO EVENT SHALL PLATFORM TECHNOLOGY SERVICES PROVIDERS BE LIABLE TO ANY PERSON NOR SHALL ANY PERSON BRING ANY LEGAL ACTION (WHETHER IN TORT, NEGLIGENCE, OR BREACH OF CONTRACT) FOR ANY LOSSES, DAMAGES, COSTS OR EXPENSES INCLUDING, BUT NOT LIMITED TO LOSS OF PROFITS, LOSS OF USE, DIRECT, SPECIAL, PUNITIVE, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES, ARISING FROM THE USE OF THE PLATFORM. THE TERM PLATFORM TECHNOLOGY SERVICES PROVIDERS REFERS TO THE TECHNOLOGY SERVICES PROVIDERS PROVIDING SERVICES TO THE EXCHANGE.
- (c) THERE ARE NO EXPRESS OR IMPLIED WARRANTIES OR REPRESENTATIONS (INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE OR USE) PROVIDED BY THE DISCLAIMING PARTY OR DISCLAIMING PARTIES RELATING TO ANY SYSTEMS OR SERVICES OF THE EXCHANGE OR SERVICES, EQUIPMENT OR FACILITIES USED TO SUPPORT SUCH SYSTEMS OR SERVICES, INCLUDING THE CBOE DIGITAL TRADING SYSTEM.
- (d) ANY DISPUTE ARISING OUT OF THE USE OF SYSTEMS OR SERVICES OF THE EXCHANGE OR SERVICES, EQUIPMENT, OR FACILITIES USED TO SUPPORT SUCH SYSTEMS OR SERVICES IN WHICH THE DISCLAIMING PARTY OR DISCLAIMING PARTIES IS A PARTY SHALL BE ARBITRATED PURSUANT TO CHAPTER 8. ANY ARBITRATION SHALL BE BROUGHT WITHIN THE PERIOD PRESCRIBED BY CHAPTER 8. ANY OTHER ACTIONS, SUITS OR PROCEEDINGS AGAINST THE DISCLAIMING PARTY OR DISCLAIMING PARTIES MUST BE BROUGHT WITHIN TWO YEARS FROM THE TIME THAT A CAUSE OF ACTION HAS ACCRUED. THIS PARAGRAPH (c) SHALL IN NO WAY BE CONSTRUED TO LIMIT A PARTY'S OBLIGATION TO ARBITRATE ITS CLAIM OR TO CREATE A CAUSE OF ACTION AND SHALL NOT AUTHORIZE AN ACTION THAT WOULD OTHERWISE BE PROHIBITED BY CBOE DIGITAL EXCHANGE RULES. IF FOR ANY REASON, A COURT OF COMPETENT JURISDICTION FINDS THAT A DISPUTE IS NOT ARBITRABLE, SUCH DISPUTE MAY ONLY BE LITIGATED IN THE COUNTY OF COOK IN THE STATE OF ILLINOIS AND WILL BE GOVERNED BY THE LAWS OF THE STATE OF ILLINOIS WITHOUT REGARD TO ANY PROVISIONS OF ILLINOIS LAW THAT WOULD APPLY THE SUBSTANTIVE LAW OF A DIFFERENT JURISDICTION.
- (e) THE DISCLAIMING PARTY OR DISCLAIMING PARTIES, MAY, IN ITS SOLE DISCRETION, ASSUME RESPONSIBILITY FOR DIRECT, OUT-OF-POCKET LOSSES DIRECTLY CAUSED BY THE GROSS NEGLIGENCE OF EXCHANGE STAFF AND/OR ORDER STATUS ERRORS PROVIDED BY THE EXCHANGE OR AN EXCHANGE SYSTEM, EQUIPMENT, SERVICE OR FACILITY. NOTWITHSTANDING THE ABOVE, i) THE EXCHANGE'S TOTAL COMBINED AGGREGATE OBLIGATIONS SHALL NOT EXCEED \$1,000 FOR ANY SINGLE CLAIM, AND \$10,000 FOR ALL CLAIMS. ANY DISPUTED CLAIM PURSUANT TO THIS PARAGRAPH (d) MUST BE ARBITRATED PURSUANT TO CHAPTER 8.
- (f) IN NO EVENT SHALL THE DISCLAIMING PARTY OR DISCLAIMING PARTIES TOTAL COMBINED AGGREGATE LIABILITY FOR ALL CLAIMS ARISING OUT OF ANY FAILURES, MALFUNCTIONS,

FAULTS IN DELIVERY, DELAYS, OMISSIONS, SUSPENSIONS, INACCURACIES, INTERRUPTIONS, TERMINATIONS, OR ANY OTHER CAUSES, IN CONNECTION WITH THE FURNISHING, PERFORMANCE, OPERATION, MAINTENANCE, USE OF OR INABILITY TO USE ALL OR ANY PART OF ANY OF THE EXCHANGE'S SYSTEMS OR SERVICES, OR SERVICES, EQUIPMENT OR FACILITIES USED TO SUPPORT SUCH SYSTEMS AND SERVICES, OR THE NEGLIGENCE OF EXCHANGE STAFF EXCEED \$50,000 IN ANY GIVEN CALENDAR YEAR.

IF THE NUMBER OF ALLOWED CLAIMS ARISING OUT OF ANY FAILURES OR MALFUNCTIONS ON A SINGLE DAY OR SINGLE MONTH CANNOT BE FULLY SATISFIED BECAUSE OF THE ABOVE DOLLAR LIMITATIONS, ALL SUCH CLAIMS SHALL BE LIMITED TO A PRO RATA SHARE OF THE MAXIMUM AMOUNT FOR THE RESPECTIVE PERIOD.

- (g) NOTWITHSTANDING ANY OF THE FOREGOING PROVISIONS, THIS RULE 536 WILL IN NO WAY LIMIT THE LIABILITY OF ANY PERSON ARISING FROM ANY VIOLATION BY SUCH PERSON OF THE CEA OR THE COMMISSION REGULATIONS THEREUNDER.

RULE 537. Order Status

(a) A Person who believes he has received an incorrect Order status or does not receive an appropriate status shall immediately notify the Exchange. Additionally, such Person shall take any necessary and appropriate market action to mitigate any potential losses arising from the incorrect Order status or lack of appropriate Order status immediately after the Person knew or should have known that the Order status information was incorrect or should have been received. Any liability of the Exchange for incorrect Order status shall be subject to the limitations and conditions of Rule 536.

(b) Notwithstanding the above, the Exchange shall not be liable for losses related to incorrect Order status information if the Exchange provides prior notification that an Exchange system, service or facility may produce such incorrect information and also provides notification of a means to obtain correct Order status information from such system, service or facility. In the event that the Exchange and an Exchange system, service or facility provide conflicting information relating to an Order status, a Customer may only reasonably rely on the information received from the Exchange. Any liability of the Exchange shall be subject to the liability caps and conditions of Rule 536.

RULE 538. The Cboe Digital Trading System Algorithms

(a) The Cboe Digital Trading System Central Limit Order Book ("CLOB") uses a Price/Time algorithm (also known as the First In, First Out or FIFO method). Under the Price/Time algorithm, orders will be matched with the earliest bid or offer to arrive in the Cboe Digital Trading System at the best price. If there are multiple bids and offers that have the same price, the earliest to arrive in the Cboe Digital Trading System will be the bid or offer to which the order is matched. If the order exceeds the quantity of the bid or offer, the Order will be filled at the next, best bid or offer for the Order up to its limit order price.

(b) Additionally, the Exchange may employ an auction methodology in the pre-open period, during which the order book is not in a tradable state, but Trading Privilege Holders can submit orders (including bids

and offers which would cross under normal market conditions). Upon opening, an algorithm calculates the price at which the highest volume of resting bids and offers can be matched, and matches them at that price.

(c) Additional information on the operation of the matching algorithms is available at www.cboedigital.com

RULE 539. Trade Cancellations and Price Adjustments

(a) Cboe Digital Exchange Authority Regarding Trade Cancellations and Price Adjustments

- (1) The Exchange has authority to adjust trade prices or cancel (bust) trades when such action is necessary to mitigate market disrupting events caused by the improper or erroneous use of the Cboe Digital Trading System or by system defects.
- (2) Notwithstanding any other provisions of this Rule, the Exchange may adjust trade prices or bust any trade if the Exchange determines that allowing the trade to stand as executed may have a material, adverse effect on the integrity of the market.
- (3) All decisions of the Exchange shall be final.

(b) Review of Trades

- (1) The Exchange may determine to review a trade based on its independent analysis of market activity or upon request for review by a user of the Cboe Digital Trading System. A request for review must be made within 15 minutes of the execution of the trade.
- (2) The Exchange shall determine whether or not a trade will be subject to review. In the absence of a timely request for review, during volatile market conditions, upon the release of significant news, or in any other circumstance in which the Exchange deems it to be appropriate, the Exchange may determine, in its sole discretion, that a trade shall not be subject to review.
- (3) Upon deciding to review a trade, the Exchange will promptly issue an alert to all Trading Privilege Holders via the Cboe Digital Trading System or electronic mail indicating that the trade is under review.

(c) Price Adjustments and Cancellations

- (1) In reviewing a trade, the Exchange will first determine whether the trade price is within the No Bust Range for futures or within the Bid/Ask Reasonability Allowance for options, as described in subparagraph(g). The Bid/Ask Reasonability Allowance for an option is the maximum width of the bid/ask range which will be considered reasonable for use in applying the parameters necessary to establish the No Bust Range for the option.
- (2) In applying the No Bust Range, the Exchange shall determine the fair value market price for that contract at the time the trade under review occurred. the Exchange may consider any relevant information, including, but not limited to, the last trade price in the contract or a better bid or offer price on the Cboe Digital Trading System, a more recent price for a different maturity date, the price of the same or related contract established in another venue or another market, the market conditions at the time of the trade, and the theoretical value of an option based on the most recent implied volatility.

(3) Trade Price Inside the No Bust Range.

If the Exchange determines that the price of the trade is inside the No Bust Range, the Exchange will issue an alert indicating that the trade shall stand.

(4) Trade Price Outside the No Bust Range

i. Futures Contracts

If the Exchange determines that a trade price is outside the No Bust Range for a futures contract, the trade price shall be adjusted to a price that equals the fair value market price for that contract at the time the trade under review occurred, plus or minus the No Bust Range. In the event there are multiple parties, prices and/or contracts involved in the transactions at issue, the Exchange has the authority, but not the obligation, to bust rather than price adjust such transactions. the Exchange will issue an alert regarding its decision.

ii. Option Contracts

If the Exchange determines that a trade price is outside the applicable No Bust Range for an option contract, the trade price shall be adjusted. In the case of a buy (sell) error, the price will be adjusted to the determined ask (bid) price set forth in the Bid/Ask Reasonability Allowance in Section G plus (minus) the No Bust Range. In the event there are multiple parties, prices and/or contracts involved in the transactions at issue, the Exchange has the authority, but not the obligation, to bust rather than price adjust such transactions. the Exchange will issue an alert regarding its decision.

iii. Busted trade prices and any prices that have been adjusted shall be cancelled in the Exchange's official record of time and sales. Trades that are price adjusted shall be inserted in the time and sales record at the adjusted trade price.

(d) Alternative Resolution by Agreement of Parties

- (1) With the approval of the Exchange, parties to a trade that is price adjusted may instead mutually agree to cancel the trade.
- (2) With the approval of the Exchange, parties to a trade that is busted may instead mutually agree to price adjust the trade to a price consistent with the adjustment provisions of subparagraph (c).
- (3) Subject to subparagraph (d)(1) and (d)(2), parties to a trade that is cancelled or price adjusted may mutually agree to a cash adjustment provided that such adjustments are reported to the Exchange and the parties maintain a record of the adjustment.
- (4) An executed trade may not be reversed via transfer except where such trade is determined by the Exchange to be outside of the No Bust Range but not reported timely, subject to agreement of the parties, and approval of the Exchange. Any such transfer must occur at the original trade price and quantity; however, the parties may mutually agree to a cash adjustment.

(e) Liability for Losses Resulting from Price Adjustments or Cancellations

- (1) A party entering an order that results in a price adjustment or trade bust shall be responsible for demonstrated claims of realized losses incurred by persons whose trade prices were adjusted or

busted provided, however, that a claimant shall not be entitled to compensation for losses incurred as a result of the claimant's failure to take reasonable actions to mitigate the loss.

- (2) A claim for a loss pursuant to this section must be submitted to the Exchange on an Exchange claim form within one business day of the event giving rise to the claim. The Exchange will reject any claim that is not filed in a timely manner and such decisions shall be final. Eligible claims shall be forwarded by the Exchange to the party responsible for the order(s) that resulted in a trade bust or a price adjustment and to the Clearing Member through which the trade was placed. Such party, or the Clearing Member on behalf of the party, shall, within ten business days of receipt of the claim, admit or deny responsibility in whole or in part. Failure to respond to the claim within ten business days shall be considered a denial of liability.
- (3) To the extent that liability is admitted, payment shall be made within ten business days. Unless otherwise agreed upon in writing by the parties, failure to make the payment within ten business days shall be considered a denial of liability for purposes of this rule. A copy of any such written agreement must be provided to the Exchange.
- (4) To the extent that liability is denied, the party making the claim may submit the claim for arbitration pursuant to Chapter 8 of the Rules. Such claims must be submitted to the Exchange within ten business days of the date the party was issued notification that liability was denied.

(f) Schedule of Administrative Fees

- (1) When the Exchange busts or price adjusts a trade, the party responsible for entering the order into the Cboe Digital Trading System that gave rise to the trade bust or price adjustment shall pay an administrative fee to the Exchange in the amount of \$500 for each such occurrence.

(g) Cboe Digital Exchange No Bust Ranges

Futures Contract	No Bust Range
Bitcoin Futures	The price equivalent of one percentage point (1%) from the Exchange's determination of fair market value.

RULE 540. Risk Controls

- (a) Exchange shall implement, and make available to Clearing Members and Trading Privilege Holders, risk control mechanisms in a form and manner prescribed and provided by the Exchange.
- (b) Risk control mechanisms may be set by FIRM code, Contract and/or match capacity allocation depending upon the applicable risk control. Risk control settings applicable to a Contract apply to all expirations or series, as applicable.
- (c) The risk control mechanisms made available to Clearing Members shall enable a Clearing Member to set risk control parameters for Trading Privilege Holders in relation to Orders submitted to the Cboe Digital Trading System with FIRM codes that are linked to a clearing number for that Clearing Member.

CHAPTER 6: PRIVATELY NEGOTIATED TRANSACTIONS

RULE 601. Block Trades

(a) The Exchange shall designate the products in which Block Trades shall be permitted and determine the minimum quantity thresholds for such transactions. If and to the extent permitted by the specifications governing the applicable Contract, transactions that satisfy a designated minimum size requirement may be entered into off of the Exchange in that Contract, at prices mutually agreed, provided all of the requirements and conditions set forth in this Rule 601 and Rule 603 are satisfied ("Block Trade").

(b) The following requirements shall govern block trades:

(1) Each buy or sell order underlying a Block Trade must (A) state explicitly that it is to be, or may be, executed by means of a Block Trade; and (B) a block trade must be for a quantity that is at or in excess of the applicable minimum threshold as specified in the relevant Contract specifications.

(2) Orders may not be aggregated in order to achieve the minimum transaction size, except by: (A) a commodity trading advisor ("CTA") commodity trading advisor registered under the CEA; (B) an investment adviser registered as such with the Securities and Exchange Commission that is exempt from regulation under the CEA and Commission Regulations thereunder; and (C) any Person authorized to perform functions similar or equivalent to those of a commodity trading advisor in any jurisdiction outside the United States of America, in each case with total assets under management exceeding US\$25 million, may satisfy this requirement by aggregating orders for different accounts that are under management or control by such commodity trading advisor, investment adviser, or other Person.

(3) Multi-legged transactions may be executed as block trades, provided that the sum of the legs of the block trade meets the minimum size requirement for the Contract.

(4) Each Person to a block trade must be an Eligible Contract Participant (as such term is defined in Section 1a(18) of the CEA); provided that, if the Block Trade is entered into on behalf of Customers by (A) a commodity trading advisor registered under the Act, (B) an investment adviser registered as such with the Securities and Exchange Commission that is exempt from regulation under the Act and Commission Regulations thereunder or (C) any Person authorized to perform functions similar or equivalent to those of a commodity trading advisor in any jurisdiction outside the United States of America, in each case with total assets under management exceeding US\$25 million, then only such commodity trading advisor or investment adviser, as the case may be, but not the individual Customers, need to so qualify.

(5) Only Trading Privilege Holders can be the executing parties to a Block Trade reported to the Exchange.

(A) In order for a party that satisfies the requirements of paragraph (a)(2) above and is not a Trading Privilege Holder to effectuate a Block Trade, that party must utilize a Trading Privilege

Holder eligible to act in an agency capacity for that party to execute the Block Trade on behalf of that party in an agency capacity

(B) A Trading Privilege Holder that acts as a broker for a Customer which satisfies the requirements of paragraph (a)(2) above may authorize the Customer to directly negotiate Block Trades for which the Trading Privilege Holder is the executing party in its agency capacity as broker for that Customer, provided that the other requirements of this Rule 601 are satisfied..

(c) The price at which a block trade is executed must be fair and reasonable in light of:

(A) the size of the block trade;

(B) the prices and sizes, at the time of the agreement to the Block Trade, of Orders in the CLOB for the same Contract, the same contract on other markets including without limitation the underlying cash market or related futures markets;

(B) the prices and sizes, at the time of the agreement to the Block Trade, of transactions in the same Contract, the same contract on other markets, and similar or related contracts on the Exchange and other markets, including without limitation the underlying cash market or related futures markets, at the relevant time;

(C) the circumstances of the markets or the parties to the block trade; and

(D) whether the Block Trade is executed as a multi-legged Order.

The guidelines in this paragraph shall apply in determining whether the execution price of a Block Trade is "fair and reasonable." These guidelines are general and may not be applicable in each instance. Whether the execution price of a Block Trade is "fair and reasonable" depends upon the particular facts and circumstances. In the event the quantity present in the Order book is greater or equal to the quantity needed to fill an Order of the size of the Block Trade, it would generally be expected 106 that the Block Trade price would be better than the price present in the Order book. In the event the quantity present in the Order book is less than the quantity needed to fill an Order of the size of the Block Trade, it would generally be expected that the Block Trade price would be relatively close to the price present in the Order book and that the amount of the differential between the two prices would be smaller to the extent that the differential between the quantity present in the Order book and the Block Trade quantity is smaller.

(d) Block Trade Records.

(1) Each Trading Privilege Holder that acts as agent for a Block Trade shall record the following details on its order ticket: (i) the Contract (including the expiration); (ii) the number of contracts traded; (iii) the price of execution or premium; (iv) the time of execution (i.e., the time at which the parties agreed to the Block Trade); (v) the arrangement time, if any (i.e., the time at which the parties agreed to enter into the Block Trade at a later time); (vi) the identity of the counterparty; (vii) that the transaction is a Block Trade; (viii) if applicable, the account number of the Customer for which the Block Trade was executed; and (ix) if applicable, the expiration, strike price and type of option (put or call) in the case of an option.

(2) Every Trading Privilege Holder handling, executing, clearing or carrying Block Trades or positions shall identify and mark as such by appropriate symbol or designation all Block Trades or positions and all orders or records pertaining thereto.

(3) Each Trading Privilege Holder involved in any Block Trade shall either maintain records evidencing compliance with the criteria set forth in this Rule 601 or be able to obtain such records from its Customer involved in the Block Trade. Upon request by the Exchange and within the time frame designated by the Exchange, any such Trading Privilege Holder shall produce satisfactory evidence, including any required order ticket, that the Block Trade meets the requirements set forth in this Rule 601. Each Clearing Member carrying a Customer account for which a Block Trade is executed shall be responsible for obtaining and submitting to the Exchange in a timely and complete manner the records of its Customer regarding the Block Trade.

(e) A Trading Privilege Holder may execute an Order placed for a nondiscretionary Customer account by means of a Block Trade only if the Customer has previously consented thereto. This consent may be obtained on either a trade-by-trade basis or for all such Orders.

(f) Block Trades between affiliated parties are permitted only if the following three conditions are satisfied:

(1) the Block Trade is priced on a competitive market price, either by falling within the contemporaneous bid-ask spread on the Order book or calculated based on a contemporaneous market price in a related cash market;

(2) each party to the Block Trade has a separate and independent legal bona fide business purpose for engaging in the Block Trade; and

(3) each party's decision to enter into the Block Trade is made by a separate and independent decision-maker.

An affiliated party for this purpose is a party that directly or indirectly through one or more Persons controls, is controlled by or is under common control with another party.

(g) Parties involved in the solicitation or negotiation of a Block Trade may not disclose the details of those communications to any other party for any purpose other than to facilitate the execution of the Block Trade. Parties privy to non-public information regarding a consummated Block Trade may not disclose such information to any other party prior to the public report of the Block Trade by the Exchange. A broker negotiating a Block Trade on behalf of a Customer may disclose the identity of the Customer to potential counterparties, including the counterparty with which the Block Trade is consummated, only with the permission of the Customer.

(1) Parties to a potential Block Trade may engage in pre-hedging or anticipatory hedging of the position that they believe in good faith will result from consummation of the Block Trade, except for an intermediary that takes the opposite side of its own Customer order. In such instances, prior to the consummation of the Block Trade, the intermediary is prohibited from offsetting the position

established by the Block Trade in any account which is owned or controlled by the intermediary, in which an ownership interest is held by the intermediary, or which is a proprietary account of the employer of the intermediary. The intermediary may enter into transactions to offset the position only after the Block Trade has been consummated.

(2) The Exchange may proceed with an enforcement action when the facts and circumstances of pre-hedging suggest deceptive or manipulative conduct by any of the involved parties, including when an intermediary handling a customer order acts against its customer's best interests. The guidance in this paragraph (m) applies only in the context of pre-hedging of Block Trades. This guidance does not affect any requirement under the CEA or CFTC Regulation.

(3) Parties solicited to provide a two-sided Block Trade market are not deemed to be in possession of non-public information provided that side of market is not disclosed in the context of the solicitation.

(h) It shall be a violation of this Rule for a Person to engage in the front running of a Block Trade when acting on material non-public information regarding an impending transaction by another Person, acting on non-public information obtained through a confidential employee/employer relationship, broker/customer relationship or in breach of a pre-existing duty.

RULE 602. Exchange of Derivatives for Related Positions

(a) The following transactions shall be permitted by arrangement between parties in accordance with the requirements of this Rule:

(1) Exchange for Risk ("EFR"). A privately negotiated and simultaneous exchange of a futures position in a Contract for a corresponding OTC swap or other OTC instrument.

(2) Exchange of Options for Options ("EOO"). A privately negotiated and simultaneous exchange of an option position in a Contract for a corresponding OTC option position or other OTC instrument with similar characteristics.

(3) Exchange for Physical ("EFP"). A privately negotiated and simultaneous exchange of an futures position in a Contract for a corresponding cash position.

(4) For purposes of this rule, an EFR, EOO, EFP shall be referred to as an Exchange of Derivatives for Related Position ("EDRP").

(b) Nature of an EDRP.

(1) If and to the extent permitted by the rules governing the applicable Contract, a bona fide EDRP may be entered into off of the Exchange with respect to a Contract at a price mutually agreed upon by the parties to such transaction. An EDRP transaction must conform to the applicable requirements set forth in this Rule 602. Each EDRP must contain the following three essential elements:

(A) a transaction in a Contract that is listed on the Exchange and a transaction in a related position or an option on the related position (known as the "Related Position");

(B) an actual transfer of ownership, which must include (i) an ability to perform the EDRP and ii) a transfer of title of the Contract and Related Position upon consummation of the exchange; and

(C) separate parties, such that the accounts involved on each side of the EDRP have different beneficial ownership or are under separate control, provided that separate profit centers of a futures commission merchant operating under separate control are deemed to be separate parties for purposes of this Rule 602.

(c) Parties to an EDRP.

(1) An EDRP consists of two discrete but related simultaneous transactions. One party to the EDRP must be the buyer of (or the holder of the long market exposure associated with) the related position and the seller of the corresponding Contract. The other party to the EDRP must be the seller of (or the holder of the short market exposure associated with) the related position and the buyer of the corresponding Contract. Each party to an EDRP transaction must satisfy any applicable Commission requirements regarding eligibility to participate in the transaction. Further, the quantity of the Related Position traded in an EDRP must correlate to the quantity represented by the Contract portion of the transaction.

(2) Only Trading Privilege Holders can be the executing parties to an EDRP transaction reported to the Exchange. In order for a party that satisfies the requirements of the preceding paragraph and is not a Trading Privilege Holder to effectuate an EDRP transaction, that party must utilize a Trading Privilege Holder eligible to act in an agency capacity for that party to execute the EDRP transaction on behalf of that party in an agency capacity. A Trading Privilege Holder that acts as a broker for a Customer which satisfies the requirements of the preceding paragraph may authorize the Customer to directly negotiate EDRP transactions for which the Trading Privilege Holder is the executing party in its agency capacity as broker for that Customer, provided that the other requirements of this Rule 602 are satisfied.

(d) Related Positions. The related position (in the cash commodity) must be a derivative or related product of such Contract that has a reasonable degree of price correlation and quantitative equivalence to the Contract.

(e) Quantity. The quantity covered by the related position must be approximately equivalent to the quantity covered by the Exchange Contracts.

(f) Prices and Price Increments. An EDRP transaction may be entered into in accordance with the applicable price increments or option premium increments set forth in the Rules governing the pertinent Contracts, at such prices as are mutually agreed upon by the two parties to the transaction.

(g) The execution of an EDRP transaction may not be contingent upon the execution of another EDRP or related position transaction between the parties where the transactions result in the offset of the related position without the incurrence of market risk that is material in the context of the related position transactions.

(i) EDRP Records.

(1) Each Trading Privilege Holder that acts as agent for an EDRP shall record the following details with respect to the Contract leg of the EDRP on its order ticket: (i) the Contract (including the expiration); (ii) the number of contracts traded; (iii) the price of execution or premium; (iv) the time of execution (i.e., the time at which the parties agreed to EDRP); (v) the arrangement time, if any (i.e., the time at which the parties agreed to enter into the transaction at a later time); (vi) the identity of the counterparty; (vii) that the transaction is an EDRP; (viii) the account number of the Customer for which the EDRP was executed; and (ix) the identity, quantity and price or premium of the Related Position (including the expiration, strike price, type of option (put or call) and delta in the case of an option). Every Trading Privilege Holder handling, executing, clearing or carrying EDRP transactions or positions shall identify and mark as such by appropriate symbol or designation all EDRP transactions or positions and all orders and records pertaining thereto.

(2) Each Trading Privilege Holder involved in any EDRP transaction shall either maintain records evidencing compliance with the criteria set forth in this Rule 602 or be able to obtain such records from its Customer involved in the EDRP transaction. Such records shall include, without limitation, those documents relevant to the Exchange Contract and the cash, OTC swap, OTC option, or other OTC derivative, including all documents customarily generated in accordance with relevant market practices and any documents reflecting payment and transfer of title. Any such documents must be provided to the Exchange upon request, and it shall be the responsibility of the carrying Clearing Member to provide such requested documentation on a timely basis.

(j) Account Requirements. The accounts involved in the execution of an EDRP transaction must be:

(1) independently controlled accounts with different beneficial ownership; or

(2) independently controlled accounts of separate legal entities with the same beneficial ownership, provided that the account controllers operate in separate business units; or

(3) independently controlled accounts within the same legal entity, provided that the account controllers operate in separate business units; or

(4) commonly controlled accounts of separate legal entities, provided that the separate legal entities have different beneficial ownership.

(k) Large Trader Requirements for EDRP Transactions. Each Clearing Member, Trading Privilege Holder, omnibus account and foreign broker submitting large trader positions in accordance with Rule 532 must submit for each reportable account the EDRP volume bought and sold in the reportable instrument, by contract month, and additionally for EOOs, by put and call strike. The information must be included in the daily Large Trader report to the Exchange.

RULE 603. Timing and Reporting Requirements for Privately Negotiated Trades

(a) Timing. The timing of a Block Trade or an EDRP (each a “Privately Negotiated Trade”) must satisfy all of the following three requirements:

(1) The agreement to a Privately Negotiated Trade may only occur during the Trading Hours for that Contract, when that Contract is not halted or suspended (“Permissible Agreement Period”). An agreement to a Privately Negotiated Transaction includes, without limitation, agreement to the quantity and actual price or premium of the Block Trade or the Contract leg of the EDRP transaction, as applicable.

(2) Unless otherwise specified in the relevant Contract specifications, a Block Trade must be fully reported to the Exchange without delay and by no later than ten minutes after the transaction is agreed upon (“Block Trade Reporting Deadline”) and an EDRP transaction must be fully reported to the Exchange without delay and by no later than thirty minutes after the transaction is agreed upon (“EDRP Reporting Deadline”). The Reporting Deadlines are measured from the time the transaction is agreed upon to the time that the full report of the transaction is received by the Cboe Digital Trading System matching engine.

(3) A Privately Negotiated Trade must be fully reported to the Exchange during the Trading Hours, or a queuing period, for that Contract, when that Contract is not suspended (“Permissible Reporting Period”).

Accordingly, in order to satisfy the requirements of this subparagraph (d), the time periods in which a Privately Negotiated Trade may occur are limited to those time periods in which: (i) the transaction is agreed to within a Permissible Agreement Period; and (ii) the transaction is able to be fully reported to the Exchange within a Permissible Reporting Period by no later than the applicable Reporting Deadline.

Privately Negotiated Trades in an expiring Contract on the last trading day for that Contract may not be agreed to or reported to the Exchange after the termination of Trading Hours in the expiring Contract on that trading day.

(b) Each party to a Privately Negotiated Trade shall comply with all applicable Rules of the Exchange other than those which by their terms only apply to trading through the Cboe Digital Trading System on the CLOB. Trading Privilege Holders that execute or clear Privately Negotiated Trades on behalf of Customers are responsible for ensuring that their Customers that engage in Privately Negotiated Trades in Contracts traded on the Exchange are fully informed regarding Exchange requirements relating to Privately Negotiated Trades. Each Privately Negotiated Trade shall be designated as a Block Trade or EDRP, as applicable, in Exchange Market Data and be cleared through the Clearing House as if it were a transaction executed through the Cboe Digital Trading System on the CLOB.

(c) Authorized Reporter. Each Trading Privilege Holder executing a Privately Negotiated Trade must have at least one designated individual that is pre-authorized by a Clearing Member to report Block Trades and EDRPs on behalf of the Trading Privilege Holder ("Authorized Reporter"). To the extent required by Applicable Law, an Authorized Reporter must be registered or otherwise permitted by the appropriate regulatory body or bodies to act in the capacity of an Authorized Reporter and to conduct related activities. Only an Authorized Reporter of a Trading Privilege Holder will be allowed to report a Privately Negotiated Trade on behalf of that Trading Privilege Holder. A Clearing Member that authorizes an Authorized Reporter to report Privately Negotiated Trades on behalf of a Trading Privilege Holder accepts responsibility for all such transactions reported to the Exchange by that Authorized Reporter on behalf of the Trading Privilege Holder. Any designation of an Authorized Reporter or revocation of a previous designation of an Authorized Reporter, including any termination of the guarantee provided for in the preceding sentence, must be made in a form and manner prescribed by the Exchange and shall become effective as soon as the Exchange is able to process the designation or revocation. Both the parties to and Authorized Reporters for a Privately Negotiated Trade are obligated to comply with the requirements set forth in Rule 601 and Rule 602, as applicable, and Rule 603, and any of these parties or Authorized Reporters may be held responsible by the Exchange for noncompliance with those requirements.

(d) Reporting.

(1) Each party to a Privately Negotiated Trade is obligated to have an Authorized Reporter notify the Exchange of the terms of the Privately Negotiated Trade after the applicable transaction is agreed upon. This notification must be made in accordance with subparagraph (d)(3) below within a Permissible Reporting Period by no later than the applicable Reporting Deadline. All Privately Negotiated Trades will be submitted for clearing on the Business Day during which the transaction is fully reported to the Exchange.

(2) The notification to the Exchange of a Privately Negotiated Trade shall include (i) whether the Block Trade or the component of the EDRP transaction in a Contract is a single leg transaction or a transaction in a multi-leg transaction; (ii) the Contract identifier (or product and contract expiration for a future or product, expiration, strike price and type of option (put or call) in the case of an option), price (or premium for an option) and quantity of the Block Trade or the Contract leg of an EDRP, as applicable, and whether the Block Trade or the Contract leg of an EDRP, as applicable, is buy or sell; (iii) the time of execution (i.e., the time at which the parties agreed to the transaction); (iv) the arrangement time, if any (i.e., the time at which the parties agreed to enter into the transaction at a later time); (v) Order Entry Operator ID; (vi) FIRM code (i.e., Clearing FIRM code and Trading

Privilege Holder FIRM code); (vii) account; (viii) Customer Type Indicator code; and (ix) any other information required by the Exchange.

(3) Authorized Reporters shall provide notification to the Exchange of Privately Negotiated Trades by reporting them to the Cboe Digital Trading System in a form and manner prescribed by the Exchange. The Cboe Digital System includes a mechanism, in a form and manner provided by the Exchange, for Authorized Reporters to enter required information regarding a Privately Negotiated Trade as further described below.

(A) If the parties to a Privately Negotiated Trade are each utilizing a different Authorized Reporter to notify the Exchange of the terms of the transaction:

(i) The Authorized Reporter that is the initiator of the notification of the transaction is able to enter information into the Cboe Digital Trading System regarding the transaction.

(ii) The Authorized Reporter for the contra side of the transaction is able to accept within the Cboe Digital Trading System the notification to the Exchange of the transaction as entered by the initiating Authorized Reporter and to enter contra side information for the transaction into the Cboe Digital Trading System.

(iii) The Authorized Reporter that is the initiator of the notification of the transaction may not cancel or revise the notification after it has been entered into the Cboe Digital Trading System while it awaits acceptance by the Authorized Reporter for the contra side of the transaction.

(iv) The Authorized Reporter that is the initiator of the notification of the transaction must enter the required information for the transaction into the Cboe Digital Trading System and provide the reference ID generated by the Cboe Digital Trading System to the Authorized Reporter for the contra side of the transaction promptly enough to allow a reasonable amount of time for the contra side Authorized Reporter to accept the notification to the Exchange of the transaction as entered by the initiating Authorized Reporter and enter contra side information for the transaction within a Permissible Reporting Period by no later than the applicable Reporting Deadline.

(B) If the parties to a Privately Negotiated Trade are each utilizing the same Authorized Reporter to notify the Exchange of the terms of the Privately Negotiated Trade, the Authorized Reporter is able to enter all of the required information regarding both sides of the transaction into the Cboe Digital Trading System and to fully report the transaction to the Exchange.

(4) A Privately Negotiated Trade may not be changed or canceled after it has been fully reported to the Exchange, except to the extent that the transaction may be busted by the Exchange in accordance with Rule 539.

(5) For timing purposes in connection with measuring adherence to Permissible Reporting Periods and the applicable Reporting Deadline, a Privately Negotiated Trade shall be deemed to have been fully reported to the Exchange when the full report of the transaction has been received by the Cboe Digital Trading System matching engine following either:

(A) notification to the Cboe Digital Trading System of required information relating to the transaction by an initiating Authorized Reporter and acceptance and notification to the Cboe Digital Trading System of required information relating to the transaction by the contra side Authorized Reporter; or

(B) notification to the Cboe Digital Trading System of required information relating to the transaction by a single Authorized Reporter for both parties to the transaction.

(e) The Exchange may modify a Permissible Agreement Period, Reporting Deadline, Permissible Reporting Period, and/or permissible manner of notification to the Exchange of a Privately Negotiated Trade in the event of unusual circumstances.

(f) The Exchange or Cboe Digital Trading System may reject the submission of a Privately Negotiated Trade or bust a Block Trade or Contract leg of an EDRP that does not conform, or that is reported to the Exchange in a manner that does not conform, to the requirements of this Rule, Rule 601 or Rule 602, as applicable. The acceptance by the Exchange or Cboe Digital Trading System of the submission of a Privately Negotiated Trade does not constitute a determination by the Exchange that the transaction was effected or reported in conformity with the requirements of the Rule, Rule 601 or Rule 602, as applicable. A Privately Negotiated Trade that is accepted and not busted or rejected by the Exchange or Cboe Digital Trading System shall be processed and given effect, but will be subject to appropriate disciplinary action in accordance with the Rules of the Exchange if it was not effected or reported in conformity with the requirements of this Rule.

(g) It is not permissible to facilitate the execution of a Privately Negotiated Trade in an Exchange product on a system or facility accessible to multiple parties that allows for the electronic matching or electronic acceptance of bids and offers. Parties may use communication technologies to bilaterally request Privately Negotiated Trade quotes from one or more parties and to conduct Privately Negotiated Trades. Parties may also utilize technologies supported by third parties which allow for the electronic posting of indicative Privately Negotiated Trade markets displayed to multiple parties. However, Privately Negotiated Trade executed between parties based on such electronically displayed indicative markets may be transacted only through direct bilateral communications involving a broker, where applicable, and the parties to a Privately Negotiated Trade. To demonstrate that a Privately Negotiated Trade based on such technologies was privately negotiated, the broker(s) or parties involved in the Block Trade must maintain and provide to the Exchange, when requested, documentation or correspondence that clearly evidences direct bilateral communications between the broker(s) and the parties to the Privately Negotiated Trade. Failure to provide such documentation or communication would render the Privately Negotiated Trade in violation of the private negotiation standard of this subparagraph (g).

(p) Any Privately Negotiated Trade in violation of the requirements of this Rule, Rule 601 or Rule 602, as applicable, shall constitute conduct which is inconsistent with just and equitable principles of trade.

CHAPTER 7: DISCIPLINARY RULES

RULE 701. General

- (a) All Trading Privilege Holders and any Related Party shall be subject to the Exchange's disciplinary jurisdiction. All Trading Privilege Holders and any Related Party are subject to this Chapter 7 if they, or with respect to a Trading Privilege Holder, any other Person using any of its User IDs, are alleged to have violated, to have aided and abetted a violation, to be violating, or to be about to violate, any Rule of the Exchange or any provision of Applicable Law for which the Exchange possesses disciplinary jurisdiction.
- (b) The Exchange, through the Market Regulation Department and the Disciplinary Panel, will conduct inquiries, investigations, disciplinary proceedings and appeals from disciplinary proceedings, summary impositions of fines, summary suspensions or other summary actions in accordance with this Chapter 7.
- (c) No Exchange Official, Director, or Officer will interfere with or attempt to influence the process or resolution of any inquiry, investigation, disciplinary proceeding, appeal from a disciplinary proceeding, summary imposition of fines, summary suspension or other summary action (collectively "Disciplinary Action"), except to the extent provided under the Cboe Digital Exchange Rules with respect to a proceeding in which the Director is a member of the relevant Appeal Panel.
- (d) Any Trading Privilege Holder may be represented by counsel during any Disciplinary Action pursuant to this Chapter 7.
- (e) Trading Privilege Holder Liability – Individual and Joint Liability/Controlling Person Liability
 - (1) The Exchange may hold a Trading Privilege Holder liable for, and impose sanctions against such Trading Privilege Holder, for such Trading Privilege Holder's own acts and omissions that constitute a violation as well as for the acts and omissions of each (A) Authorized Trader authorized by such Trading Privilege Holder, (B) Related Party of such Trading Privilege Holder, (C) other Person using a User ID of such Trading Privilege Holder or (D) other agent or representative of such Trading Privilege Holder, in each case, that constitute a violation as if such violation were that of the Trading Privilege Holder.
 - (2) The Exchange may hold an Authorized Trader liable for, and impose sanctions against such Authorized Trader, for such Authorized Trader's own acts and omissions that constitute a violation as well as or for the acts and omissions of any other agent or representative of such Authorized Trader that constitute a violation as if such violation were that of the Authorized Trader.
- (f) Ex Parte Communications.
 - (1) A Person subject to a disciplinary proceeding or an appeal from a disciplinary proceeding (and any counsel or representative of such Person) and the Market Regulation Department (and any counsel

or representative of the Market Regulation Department) shall not knowingly make or cause to be made an *ex parte* communication relevant to the merits of a disciplinary proceeding or an appeal from a disciplinary proceeding to any member of the Disciplinary Panel or the Appeal Panel hearing such proceeding.

- (2) Members of a Disciplinary Panel or Appeal Panel shall not knowingly make or cause to be made an *ex parte* communication relevant to the merits of a disciplinary proceeding or an appeal from a disciplinary proceeding to any Person subject to such proceeding (and any counsel or representative of such Person) and the Market Regulation Department (and any counsel or representative of the Market Regulation Department).
- (3) Any Person who receives, makes or learns of any communication that is prohibited by this rule shall promptly give notice of such communication and any response thereto to the Market Regulation Department and all parties to the proceeding to which the communication relates.
- (4) A Person shall not be deemed to have violated this rule if the Person refuses an attempted communication concerning the merits of a proceeding as soon as it becomes apparent the communication concerns the merits.

RULE 702. Inquiries and Investigation

- (a) The Market Regulation Department will investigate any matter within the Exchange's jurisdiction of which it becomes aware. The Market Regulation Department will commence an investigation upon the receipt of a request from Commission staff or upon the discovery or receipt of information by the Exchange that, in the judgment of the Market Regulation Department indicates a possible basis for finding that a violation has occurred or will occur. The Market Regulation Department will determine the nature and scope of its inquiries and investigations in its sole discretion and will function independently of any commercial interests of the Exchange.
- (b) The Market Regulation Department has the authority to:
 - (1) initiate and conduct inquiries and investigations;
 - (2) prepare investigative reports and make recommendations concerning initiating disciplinary proceedings;
 - (3) prosecute alleged violations within the Exchange's disciplinary jurisdiction; and,
 - (4) represent the Exchange on appeal from any disciplinary proceeding, summary imposition of fines, summary suspension or other summary action.
- (c) Each Trading Privilege Holder and any Related Party:
 - (1) is obligated to appear and testify and respond in writing to interrogatories within the time period required by the Market Regulation Department in connection with:

- i. any Cboe Digital Rule;
 - ii. any inquiry or investigation; or
 - iii. any preparation and presentation during a Disciplinary Action;
- (2) is obligated to produce books, records, papers, documents or other tangible evidence in its, his or her possession, custody or control within the time period required by the Market Regulation Department in connection with:
- i. any Cboe Digital Rule;
 - ii. any inquiry or investigation; or
 - iii. any preparation and presentation during a Disciplinary Action; and
- (3) may not impede or delay any Disciplinary Action.

RULE 703. Reports of Investigations

- (a) The Market Regulation Department will maintain a log of all investigations and their disposition. The Market Regulation Department will prepare a written report of each investigation, regardless of whether the evidence gathered during any inquiry or investigation forms a reasonable basis to believe that a violation within the Exchange's jurisdiction has occurred or is about to occur or whether the evidence gathered results in closing the matter without further action or through summary action.
- (b) Any written report of investigation ("Investigative Report") will include the reasons for initiating the investigation (including a summary of the complaint, if any), all relevant facts and evidence gathered, Market Regulation Department staff's analysis and conclusions, the Trading Privilege Holder's or Related Party's disciplinary history at the Exchange, and the recommendation of the Market Regulation Department. For each potential respondent, the Market Regulation Department will recommend either:
- (1) closing the investigation without further action;
 - (2) settlement;
 - (3) summary action;
 - (4) the preparation and service of a notice of charges for instituting a disciplinary proceeding; or,
 - (5) resolving the investigation through an informal disposition, including the issuance of a warning letter.
- An informal disposition (including the issuance of a warning letter) will not constitute a finding of a violation or a sanction, however, the investigative report must include a copy of any warning letter and no more than one warning letter for the same potential violation may be issued to the same Trading Privilege Holder or Related Party during a rolling 12-month period.
- (c) The Investigative Report will be provided to the Chief Regulatory Officer for a determination as to whether the Investigative Report is complete. The Chief Regulatory Officer will then provide the completed Investigative Report to the Review Panel of the Disciplinary Panel.

RULE 704. Opportunity to Respond

- (a) After completing its investigation report, the Market Regulation Department may, upon approval of the Chief Regulatory Officer, notify each potential respondent that the Market Regulation Department has recommended formal disciplinary charges against the potential respondent.
- (b) The Market Regulation Department may allow a potential respondent to propose a settlement of the matter or to submit a written statement explaining why a disciplinary proceeding should not be instituted or one or more of the potential charges should not be brought. The potential respondent shall submit such written statement within the time limit established by the Market Regulation Department.

RULE 705. Review of Investigative Reports

- (a) Review of Investigative Reports by the Chief Regulatory Officer
 - (1) Within 30 days of the receipt of a completed Investigative Report, the Chief Regulatory Officer will review the completed Investigation Report to determine whether a reasonable basis exists to believe that a violation within the Exchange's jurisdiction has occurred or is about to occur.
 - (2) If the Chief Regulatory Officer determines that additional investigation or evidence is needed to decide whether a reasonable basis exists to believe that a violation within the Exchange's jurisdiction has occurred or is about to occur, the Chief Regulatory Officer will direct the Market Regulation Department to conduct further investigation.
 - (3) Upon receiving the completed Investigative Report or after receiving additional information upon the completion of an investigation, the Chief Regulatory Officer will determine for each potential respondent whether to authorize:
 - i. the informal disposition of the investigation (by issuing a warning letter or otherwise) because disciplinary proceedings are unwarranted; or
 - ii. the closing of the investigation without any action because no reasonable basis exists to believe that a violation within the Exchange's jurisdiction has occurred or is about to occur; or,
 - iii. the commencement of disciplinary proceedings because a reasonable basis exists to believe that a violation within the Exchange's jurisdiction has occurred or is about to occur.
- (b) Review of Investigative Reports by the Review Panel of the Disciplinary Panel.
 - (1) After receiving a completed Investigation Report pursuant to Rule 703, a Review Panel must promptly review the report and, within 30 days of such receipt, must take one of the following actions:
 - i. If the Review Panel determines that additional investigation or evidence is needed, it must promptly direct the Market Regulation Department to conduct further investigation.
 - ii. If the Review Panel determines that no reasonable basis exists for finding a violation or that prosecution is otherwise unwarranted, it may direct that no further action be taken. Such

determination must be in writing, and must include a written statement setting forth the facts and analysis supporting the decision.

- iii. If the Review Panel determines that a reasonable basis exists for finding a violation and adjudication is warranted, it must direct that the person or entity alleged to have committed the violation be served with a notice of charges and proceed in accordance with the rules of Chapter 7.

(2) A failure of the Disciplinary Panel to act within the time prescribed in Rule 705(b) shall not prevent the Chief Regulatory Officer from acting pursuant to Rule 705(a). The Chief Regulatory Officer shall inform the Regulatory Oversight Committee of any such failure of the Disciplinary Panel to act.

(3) Any conflict between the actions of the Chief Regulatory Officer pursuant to Rule 705(a) and the Disciplinary Panel pursuant to Rule 705(b) shall be resolved by the Regulatory Oversight Committee.

RULE 706. Notice of Charges

(a) If the Chief Regulatory Officer or Review Panel authorizes disciplinary proceedings pursuant to Rule 705(a)(3)(iii) or 703(b)(1)(iii), the Market Regulation Department will prepare, and serve in accordance with Rule 708, a notice of charges.

(b) A notice of charges will:

- (1) state the acts, practices or conduct that the respondent is alleged to have engaged in;
- (2) state the Cboe Digital Rule or provision of Applicable Law alleged to have been violated or about to be violated;
- (3) state the proposed sanctions;
- (4) advise the respondent of its right to a hearing;
- (5) advise the respondent that he has the right to be represented by legal counsel or any other representative of its choosing in all succeeding stages of the disciplinary process;
- (6) state the period of time within which the respondent can request a hearing on the notice of charges, which will not be less than 20 days after service of the notice of charges;
- (7) advise the respondent that any failure to request a hearing within the period stated, except for good cause, will be deemed to constitute a waiver of the right to a hearing; and
- (8) advise the respondent that any allegation in the notice of charges that is not expressly denied will be deemed to be admitted.

RULE 707. Answer to Notice of Charges

(a) If the respondent determines to answer a notice of charges, the respondent must file answers within 20 days after being served with such notice, or within such other time period determined by the Chief Regulatory Officer.

(b) To answer a notice of charges, the respondent must in writing:

- (1) specify the allegations that the respondent denies or admits;
 - (2) specify the allegations that the respondent does not have sufficient information to either deny or admit;
 - (3) specify any specific facts that contradict the notice of charges;
 - (4) specify any affirmative defenses to the notice of charges; and
 - (5) sign and serve the answer on the Chief Regulatory Officer.
- (c) Any failure by the respondent to timely serve an answer to a notice of charges will be deemed to be an admission to the allegations in such notice. Any failure by the respondent to answer one or more allegations in a notice of charges will be deemed to be an admission of that allegation or those allegations. Any allegation in a notice of charges that the respondent fails to expressly deny will be deemed to be admitted. A general denial by the respondent, without more, will not satisfy the requirements of paragraph (b) above.

RULE 708. Service of Notice of Charges

- (a) Any notice of charges or other documents to be served pursuant to this Chapter 7 may be served upon the respondent and service shall be deemed complete either personally or by leaving the same at his or her place of business; by deposit in the United States mail, postage prepaid, via registered or certified mail addressed to the respondent at the address as it appears on the books and records of the Exchange.
- (b) Any notice of charges or other documents contemplated to be served pursuant to this Chapter 7 may be served upon the respondent and service shall be deemed complete via electronic mail to the electronic mail address as it appears on the books and records of the Exchange.

RULE 709. Settlements

- (a) A respondent or potential respondent may at any time propose in writing an offer of settlement related to anticipated or instituted disciplinary proceedings.
- (b) Any offer of settlement should contain proposed findings and sanctions and be signed by the respondent or potential respondent and submitted to the Market Regulation Department.
- (c) A respondent or potential respondent may offer to settle disciplinary proceedings without admitting or denying the findings contained in the order of the disciplinary proceedings but must accept the jurisdiction of the Exchange over it and over the subject matter of the proceedings and consent to the entry of the findings and sanctions imposed.
- (d) If a respondent or potential respondent submits an offer of settlement in accordance with paragraph (a) above, the Market Regulation Department will forward the offer to the Chief Regulatory Officer with a recommendation on whether to accept or reject the offer. Any preliminary determination by the Chief Regulatory Officer to accept the offer shall be submitted for review by the Disciplinary Panel. If the Disciplinary Panel agrees, then the Chief Regulatory Officer shall conditionally accept an offer of

settlement, and that the settlement will become final upon the expiration of 20 days after an order of the disciplinary proceedings consistent with the terms of the offer of settlement is served on the respondent.

- (e) If an offer of settlement is accepted by the Disciplinary Panel, the panel accepting the offer must issue a written decision specifying the rule violations it has reason to believe were committed, including the basis or reasons for the panel's conclusions, and any sanction to be imposed, which must include full customer restitution where customer harm is demonstrated. If an offer of settlement is accepted without the agreement of the Market Regulation Department or Chief Regulatory Officer, the decision must adequately support the Hearing Panel's acceptance of the settlement. If applicable, the decision must also include a statement that the respondent has accepted the sanctions imposed without either admitting or denying the rule violations.
- (f) If an offer of settlement is accepted and the related order of disciplinary proceedings becomes final, the respondent's submission of the offer will be deemed to constitute a waiver of the right to notice, opportunity for a hearing and review and appeal under the Cboe Digital Exchange Rules.
- (g) If the offer of settlement of a respondent or potential respondent is not accepted by agreement between the Chief Regulatory Officer and the Disciplinary Panel, fails to become final or is withdrawn by the respondent or potential respondent, the matter will proceed as if the offer had not been made and the offer and all documents relating to it will not become part of the record. Neither a respondent or potential respondent nor the Market Regulation Department may use an unaccepted offer of settlement as an admission or in any other manner at a hearing of, or appeal from, disciplinary proceedings.

RULE 710. Disciplinary Panel

- (a) The Disciplinary Panel shall function as a Review Panel and Hearing Panel.
 - (1) The Review Panel shall review completed Investigative Reports in order to determine whether a reasonable basis exists for finding a violation of the Exchange's rules and for authorizing the issuance of notices of charges against persons.
 - (2) The Hearing Panel shall conduct hearings in connection with any disciplinary proceedings (except for summary impositions of fines pursuant to Rule 717), to make findings, render decisions, and impose sanctions pursuant to this Chapter 7.
- (b) The Board shall appoint individuals at the recommendation of the Chief Regulatory Officer to serve for a term of one-year, subject to reappointment by the Board, as potential participants on the Disciplinary Panels. The Chief Regulatory Officer shall recommend at least three individuals that will satisfy the conditions of a Public Individuals and at least three individuals who represent the diversity of market participants' interests. The term of an individual that has been selected as a member of a Disciplinary Panel will not expire until the related proceedings are completed. Exchange staff are prohibited from serving on a Disciplinary Panel.

- (c) The chair of any Review Panel or Hearing Panel shall be a Public Individual.
- (d) The Chief Regulatory Officer shall select a separate Review Panel and Hearing Panel prior to the commencement of each investigative or disciplinary matter by randomly selecting at least one Public Individual and the remaining individuals from the industry participant pools so that any group or class of industry participants is precluded from dominating or exercising disproportionate influence on the Disciplinary Panel being formed.
- (e) If an individual selected is an Interested Person or if a member of the Disciplinary Panel later becomes an Interested Person, a replacement for such individual shall be randomly selected by the Chief Regulatory Officer. Individuals are prohibited from participating as a member of a Disciplinary Panel if such individual participated on a prior Disciplinary Panel proceeding in the same matter.
- (f) Within 10 days of being notified of the appointment of the Disciplinary Panel, a respondent may seek to disqualify any individual named to the Disciplinary Panel for the reasons identified in Rule 213 or for any other reasonable grounds, including that such individual has a financial interest in the matter or that such individual participated on a prior Disciplinary Panel or Appeal Panel proceeding in the same matter, by serving written notice on the Chief Regulatory Officer. By not timely filing a request for disqualification, the respondent will be deemed to have waived any objection to the composition of a Disciplinary Panel. The General Counsel of the Exchange will decide the merits of any request for disqualification within his or her sole discretion. Any such decision will be final and not subject to appeal.
- (g) No person shall serve on a Disciplinary Panel unless that person has agreed in writing that he or she will not publish, divulge, or make known in any manner, any facts or information regarding the business of any person or any other information which may come to his attention in his official capacity as a member of the Disciplinary Panel, except when reporting to the Board or to a committee concerned with such information or to the Market Regulation Department, when requested by the CFTC or other governmental agency or when compelled to testify in any judicial or administrative proceeding.
- (h) All information, records, materials and documents provided to the Disciplinary Panel and all deliberations, testimony, information, records, materials and documents related thereto shall be treated as non-public and confidential and shall not be disclosed, except as necessary to further an Exchange investigation or as required by law.

RULE 711. Convening Hearings of Disciplinary Proceedings

- (a) A hearing will be conducted privately and confidentially. Notwithstanding the confidentiality of hearings, the Hearing Panel may appoint an expert to attend any hearing and assist in deliberations if such expert agrees to be subject to an appropriate confidentiality agreement.
- (b) After reasonable notice to each respondent, the Hearing Panel will promptly convene a hearing to conduct the disciplinary proceedings with respect to such respondent. Parties to a disciplinary proceeding include each respondent and the Market Regulation Department.

- (c) The chair of the Hearing Panel may continue, adjourn or otherwise conduct the hearing, as he or she may deem appropriate. The chair of the Hearing Panel will determine all procedural and evidentiary matters, including the admissibility and relevance of any evidence proffered. In determining procedural and evidentiary matters, the chair of the Hearing Panel will not be bound by any evidentiary or procedural rules or law. Once admitted during the hearing, the Hearing Panel may consider, and attach the weight it believes appropriate to, evidence or other materials. The General Counsel of the Exchange, or its designee, will provide guidance to the chair of the Hearing Panel on the conduct of the hearing.
- (d) Except for procedural and evidentiary matters decided by the chair of the Hearing Panel pursuant to paragraph (c) above and Rule 712, unless each respondent otherwise consents, the entire Hearing Panel must be present during the entire hearing and any related deliberations.

RULE 712. Respondent Review of Evidence

- (a) Prior to the commencement of a hearing, each respondent will be given the opportunity to review all books, records, documents, papers, transcripts of testimony and other tangible evidence in the possession or under the control of the Exchange that the Market Regulation Department will use to support the allegations and proposed sanctions in the notice of charges or which the chair of the Hearing Panel deems relevant to the disciplinary proceedings. Notwithstanding the foregoing, no respondent will have the right to review, and the Exchange will have no obligation to disclose, any information protected by attorney-client privilege.
- (b) If any books, records, documents, papers, transcripts of testimony, or other tangible evidence contain information that could adversely affect the competitive position of the Person providing the information or if such information might compromise other investigations being conducted by the Market Regulation Department, the Market Regulation Department may redact, edit or code such information before furnishing it to the respondent.
- (c) Notwithstanding anything in paragraph (b) above to the contrary, the Market Regulation Department:
 - (1) will not redact, edit or code competitive or investigative information contained in documents in a manner that would impair the respondent's ability to defend against the allegations or proposed sanctions in the notices of charges, and
 - (2) will provide the respondent with access to the information and portions of the documents that the Market Regulation Department intends to rely on to support the allegations or proposed sanctions in the notice of charges.
- (d) For purposes of this Rule 712, information that could adversely affect competitive positions include positions in Contracts currently held, trading strategies employed in establishing or liquidating positions, the identity of any Trading Privilege Holder, Related Party or Authorized Trader and the personal finances of the Person providing the information.

RULE 713. Conducting Hearings of Disciplinary Proceedings

- (a) At a hearing conducted in connection with any disciplinary proceedings, the Market Regulation Department will present its case supporting the allegations and proposed sanctions in the notice of charges to the Hearing Panel. If a respondent has timely filed an answer to the notice of charges in accordance with Rule 707, the respondent is entitled to attend and participate in the hearing.
- (b) At a hearing conducted in connection with any disciplinary proceedings, the Hearing Panel or the Market Regulation Department and each respondent may:
 - (1) present evidence and facts determined relevant and admissible by the chair of the Hearing Panel;
 - (2) call and examine witnesses; and
 - (3) cross-examine witnesses called by other parties.
- (c) If the respondent fails to file an answer, has filed a general denial, or if any or all of the allegations in the notice of charges are not expressly denied in the respondent's answer, the chair of the Hearing Panel may limit evidence concerning any allegations not expressly denied in determining the sanctions to impose. If a respondent fails to file an answer but appears at the hearing, the respondent may not participate in the hearing (by calling or cross-examining witnesses, testifying in defense, presenting evidence concerning the notice of charges, or otherwise) unless the Hearing Panel determines that the respondent had a compelling reason for failing to timely file an answer. If the Hearing Panel determines that the respondent had a compelling reason for failing to timely file an answer, the Hearing Panel will adjourn the hearing and direct the respondent to promptly file a written answer in accordance with Rule 707.
- (d) Any Person entitled, or required or called upon, to attend a hearing before a Hearing Panel pursuant to paragraph (b)(2) above will be given reasonable notice, confirmed in writing, specifying the date, time and place of the hearing, and the caption of the disciplinary proceedings. All Trading Privilege Holders (that are individuals), Authorized Traders and Related Parties that are called as witnesses are required to appear at the hearing and, where applicable, produce evidence. The Exchange will make reasonable efforts to secure the presence of all other Persons called as witnesses whose testimony would be relevant.
- (e) If during any disciplinary proceedings the Hearing Panel determines that a reasonable basis exists to believe that the respondent violated or is about to violate a Rule of the Exchange or a provision of Applicable Law other than the violations alleged in the notice of charges, the Hearing Panel may consider those apparent violations after providing the respondent with an opportunity to answer the additional allegations in accordance with Rule 707. In connection with considering apparent violations pursuant to this paragraph (e), the Hearing Panel may request that the Market Regulation Department provide the Hearing Panel with any additional information related to the violations at issue.
- (f) The Hearing Panel may summarily impose sanctions on any Trading Privilege Holder, Authorized Trader or Related Party that impedes or delays the progress of a hearing.

- (g) The Exchange will arrange for any hearing conducted in connection with disciplinary proceedings to be recorded verbatim, or substantially verbatim, in a manner capable of accurate transcription. If the respondent requests a copy of all or portions of the recording of a hearing, the chair of the Hearing Panel may within his or her sole discretion require the respondent to pay the costs for transcribing the recording of the hearing.
- (h) No interlocutory appeals of rulings of any Hearing Panel or chair of the Hearing Panel are permitted.

RULE 714. Decision of Hearing Panel

- (a) As promptly as reasonable following a hearing, the Hearing Panel will issue a written order rendering its decision based on the weight of the evidence contained in the record of the disciplinary proceedings. A decision by a majority of the Hearing Panel will constitute the decision of the Hearing Panel.
- (b) The Exchange will serve a copy of the order of the disciplinary proceedings on the respondent and the Market Regulation Department. The order will include:
 - (1) the notice of charges or summary of the allegations;
 - (2) the answer, if any, or a summary of the answer;
 - (3) a brief summary of the evidence introduced at the hearing or, where appropriate, incorporation by reference of the Investigation Report;
 - (4) findings of fact and conclusions concerning each allegation, including a complete explanation of the evidentiary and other basis for such findings and conclusions with respect to each allegation;
 - (5) each specific Rule of the Exchange and provision of Applicable Law that the respondent is found to have violated
 - (6) the imposition of sanctions, if any, including the basis for such sanctions and the effective date of each sanction; and,
 - (7) notice of the respondent's right to appeal pursuant to Rule 716.
- (c) Unless a timely notice of appeal is filed pursuant to Rule 716, the order of the disciplinary proceedings will become final upon the expiration of 20 days after the order is served on the respondent and provided to the Market Regulation Department.

RULE 715. Sanctions

- (a) After notice and opportunity for hearing in accordance with the Cboe Digital Exchange Rules, the Exchange will impose sanctions if any Trading Privilege Holder, Authorized Trader, Related Party or other Person using any of the Trading Privilege Holder's User IDs is found to have violated or to have attempted to violate a Rule of the Exchange or provision of Applicable Law for which the Exchange possesses disciplinary jurisdiction. All sanctions must take into account the respondent's disciplinary history. In the event of demonstrated customer harm, any sanction must also include full customer restitution.

The Exchange may impose one or more of the following sanctions or remedies:

- (1) censure;
 - (2) limitation on Trading Privileges, ability to otherwise access the Cboe Digital Trading System, and/or other activities, functions or operations;
 - (3) suspension of Trading Privileges and/or ability to otherwise access the Cboe Digital Trading System;
 - (4) fine (subject to paragraph (b) below);
 - (5) restitution or disgorgement;
 - (6) termination of Trading Privileges and/or ability to otherwise access the Cboe Digital Trading System;
or
 - (7) any other sanction or remedy deemed to be appropriate.
- (b) The Exchange may impose a fine of up to \$1,000,000 for each violation of a Rule of the Exchange or a provision of Applicable Law. If a fine or other amount is not paid within 30 days of the date that it becomes payable, then interest will accrue on the sum from the date that it became payable at the quoted prime rate plus three percent. The Exchange has sole discretion to select the bank on whose quotations to base the prime rate. Trading Privilege Holder will be responsible for paying any fine or other amount imposed on, but not paid by, any of its Authorized Traders or Related Parties.

RULE 716. Appeal from Hearing Panel Decision, Summary Impositions of Fines and Other Summary Actions

- (a) A respondent found by the Hearing Panel to have violated (or, in the case of a Trading Privilege Holder, whose Authorized Trader, or Related Party or other Person using its User ID was found to have violated) a Rule of the Exchange or a provision of Applicable Law or who is subject to any summary fine imposed pursuant to Rule 717 or any summary action imposed pursuant to Rule 718 may appeal the decision within 20 days of receiving the order of the disciplinary proceedings or the notice of summary action, as the case may be, by filing a notice of appeal with the Chief Regulatory Officer. While an appeal is pending, the effect of the order of disciplinary proceedings or the summary action (including any sanctions, remedies or costs imposed thereby) shall be suspended, except as provided in Rule 701(f) with respect to any denial or limit on Trading Privileges or ability to otherwise access the Cboe Digital Trading System.
- (b) The notice of appeal must state in writing the grounds for appeal, including the findings of fact, conclusions or sanctions to which the respondent objects. A respondent may appeal the order of disciplinary proceedings or any summary decision on the grounds that:
- (1) the order or decision was arbitrary, capricious, an abuse of discretion, or not in accordance with the Cboe Digital Exchange Rules;
 - (2) the order or decision exceeded the authority or jurisdiction of the Hearing Panel, the Chief Regulatory Officer or the Exchange;
 - (3) the order or decision failed to observe required procedures;
 - (4) the order or decision was unsupported by the facts or evidence; or

- (5) the imposed sanctions, remedies or costs are inappropriate or unsupported by the record.
- (c) Upon receipt of a notice of appeal, the Chief Regulatory Officer will forward copies to the non-appealing party to the disciplinary proceeding or summary action. On or before the 20th day after filing a notice of appeal, the appellant must file with the Chief Regulatory Officer and serve on the Market Regulation Department a brief supporting the notice of appeal and documents supporting the brief. On or before the 20th day after the date on which the appellant serves a supporting brief, the appellee must file and serve its brief in opposition with the Market Regulation Department. On or before the 10th day after the date on which the appellee serves its brief in opposition, the appellant must file and serve a brief in reply with the Market Regulation Department.
- (d) In connection with any appeal, the Market Regulation Department will furnish to the Chief Regulatory Officer and to the respondent/appellant a transcript of the hearing, any exhibits introduced at the hearing, the notice of appeal and briefs filed to support and oppose the appeal.
- (e) Within 30 days after the last submission filed pursuant to paragraph (c) above, the Board will appoint an Appeal Panel to consider and determine the appeal. The Board shall appoint individuals at the recommendation of the Chief Regulatory Officer to serve on the Appeal Panel for a term of one year, subject to reappointment by the Board, as potential participants on Appeal Panels. The Chief Regulatory Officer's recommendation shall include Public Individuals. The term of an individual that has been selected as a member of an Appeal Panel will not expire until the related proceedings are completed. Individuals are prohibited from participating as a member of an Appeal Panel if such individual participated on a prior Disciplinary Panel or Appeal Panel proceeding in the same matter. Exchange staff are prohibited from serving on an Appeal Panel.
- (f) The chair of the Appeal Panel shall be a Public Individual, meaning an individual that satisfies the conditions of a Public Director.
- (g) Within 10 days of being notified of the appointment of the Appeal Panel, an appellant may seek to disqualify any individual named to the Appeal Panel for the reasons identified in Rule 213 or for any other reasonable grounds, including, but not limited that such individual participated on a prior Disciplinary Panel or Appeal Panel proceeding in the same matter, by serving written notice on the Chief Regulatory Officer. By not timely filing a request for disqualification, the appellant will be deemed to have waived any objection to the composition of an Appeal Panel. The General Counsel of the Exchange will decide the merits of any request for disqualification within his or her sole discretion.
- (h) The Appeal Panel will hold a hearing to allow parties to present oral arguments. Any hearing will be conducted privately and confidentially. Notwithstanding the confidentiality of hearings, the Appeal Panel may appoint an expert to attend any hearing and assist in the deliberations if such individuals agree to be subject to appropriate confidentiality agreements. In determining procedural and evidentiary matters, the Appeal Panel will not be bound by evidentiary or procedural rules or law.

- (i) The Appeal Panel will only consider on appeal the record before the Hearing Panel or, in the case of a summary action, the record considered by the Chief Regulatory Officer, the notice of appeal, the briefs filed in support and opposition of the appeal, and any oral arguments of the parties. The Appeal Panel may only consider new evidence when the Appeals Panel determines that good cause exists as to why the evidence was not introduced during the disciplinary proceeding or when imposing the summary action.
- (j) After completing its review, the Appeal Panel may affirm, modify or reverse any order of the disciplinary proceedings or summary action under appeal, in whole or in part, including increasing, decreasing or eliminating any sanction or remedy imposed, imposing any other sanction or remedy authorized by the Cboe Digital Exchange Rules, remanding the matter to the same or a different Hearing Panel for further disciplinary proceedings, or ordering a new hearing.
- (k) As promptly as reasonably possible following its review, the Appeal Panel will issue a written decision based on the weight of the evidence before the Appeal Panel. The decision of the Appeal Panel will include a statement of findings of fact and conclusions for each finding, sanction, remedy and cost reviewed on appeal, including each specific Rule of the Exchange and provision of Applicable Law that the respondent is found to have violated, if any, and the imposition of sanctions, remedies and costs, if any, and the effective date of each sanction, remedy or cost.
- (l) The Appeal Panel's written order will be the final action of the Exchange and will not be subject to appeal within the Exchange.

RULE 717. Summary Imposition of Fines

- (a) The Chief Regulatory Officer may summarily impose a fine against a Trading Privilege Holder (on behalf of itself or any of its Authorized Traders, Related Parties or other Persons using any of its User IDs) or Authorized Trader for failing:
 - (1) to make timely payments of original or variation margin, Options premiums, fees, cost, charges or fines to the Exchange or the Clearing House;
 - (2) to make timely and accurate submissions to the Exchange of notices, reports or other information required by the Cboe Digital Exchange Rules; and
 - (3) to keep any books and records required by the Cboe Digital Exchange Rules.
- (b) The Market Regulation Department, acting on behalf of the Chief Regulatory Officer, will give notice of any fine imposed pursuant to this Rule 717 to each Trading Privilege Holder or Authorized Trader subject thereto. The notice will specify:
 - (1) the violations of the Cboe Digital Exchange Rules for which the fine is being imposed;
 - (2) the date of the violation for which the fine is being imposed; and,

(3) the amount of the fine.

Within 20 days of serving the notice of fine, the Trading Privilege Holder or Authorized Trader, as the case may be, must either pay or cause the payment of the fine or file notice of an appeal pursuant to Rule 716. Unless timely notice of appeal is filed pursuant to Rule 716, the fine will become final upon the expiration of 20 days after the notice of fine is served on the Trading Privilege Holder or Authorized Trader, as the case may be.

- (c) The Exchange will set the amount of any fines imposed pursuant to this Rule 717, with the maximum fine for each violation not to exceed \$5,000. Summary imposition of fines pursuant to this Rule 717 will not preclude the Exchange from bringing any other action against the Trading Privilege Holder (or any of its Authorized Traders or Related Parties) or Authorized Trader, as the case may be.

RULE 718. Summary Suspensions and Other Summary Actions

- (a) Notwithstanding anything in the Cboe Digital Exchange Rules to the contrary, the Chief Regulatory Officer may, after consultation with the Regulatory Oversight Committee, if practicable, summarily suspend, revoke, limit, condition, restrict or qualify a Trading Privilege Holder's Trading Privileges and/or ability to otherwise access the Cboe Digital Trading System, and may take other summary action against any Trading Privilege Holder or any of its Authorized Traders or Related Parties in accordance with the Cboe Digital Exchange Rules; provided, however, that the Chief Regulatory Officer must reasonably believe that the business, conduct or activities of the Trading Privilege Holder or any of its Authorized Traders or Related Party in question is not in the best interests of the Exchange or the marketplace, including based on any of the following:
- (1) statutory disqualification from registration as provided in CEA Section 8a(2) or (3);
 - (2) nonpayment of fees, costs, charges, fines or arbitration awards; or
 - (3) the reasonable belief that immediate action is necessary to protect the public or the best interests of the Exchange.
- (b) Whenever practicable, the Exchange shall provide prior written notice to the party against whom any action in accordance with paragraph (a) shall be taken. If prior notice is not practicable, the Exchange will give notice at the earliest possible opportunity to the respondent against whom the action is brought.
- (c) Unless timely notice of appeal is filed pursuant to Rule 716, the summary action will become final upon the expiration of 20 days after the notice of action is served on the respondent.
- (d) At the request of the Exchange, a respondent against whom a summary action is brought pursuant to this Rule 718 must provide books and records over which the respondent has access or control and must furnish information to, or appear or testify before, the Exchange in connection with the enforcement of any Rule of the Exchange.
- (e) A respondent whose Trading Privileges and/or ability to otherwise access the Cboe Digital Trading System are suspended, revoked, limited, conditioned, restricted or qualified pursuant to this Rule 718

may apply for reinstatement by filing with the Market Regulation Department a written request stating the applicant's reasons for seeking reinstatement. The Exchange will not consider a respondent's request for reinstatement if the respondent (i) owes any fines, fees, charges or costs to the Exchange, (ii) continues to fail to appear at disciplinary proceedings without good cause or (iii) continues to impede the progress of disciplinary proceedings.

- (f) Within a reasonable period after the filing of a request for reinstatement, the Appeals Panel will conduct a hearing to consider the request. At the hearing for reinstatement, the respondent will present its, his or her case supporting the reinstatement and the Market Regulation Department, acting on behalf of the Chief Regulatory Officer may, in its discretion, present its case opposing or supporting the reinstatement and each may present evidence and facts and call, examine and cross-examine witnesses. At the hearing for reinstatement, the Exchange may require any Trading Privilege Holder, Authorized Trader or Related Party to appear as witnesses and produce evidence if the Appeals Panel determines that the evidence is relevant.
- (g) As promptly as reasonably possible after a reinstatement hearing, the Appeals Panel will issue an order reinstating, denying the reinstatement, or placing conditions on the reinstatement of the Trading Privileges and/or ability to otherwise access the Cboe Digital Trading System of the respondent. The order will include a brief summary of the evidence introduced at the reinstatement hearing; and, if applicable, findings of fact and conclusions not contained in the notice of summary action issued pursuant to Rule 718(b) above. The Appeals Panel's order may not be appealed.

RULE 719. Rights and Responsibilities after Suspension or Termination

(a) When a Trading Privilege Holder Trading Privileges and/or its ability or the ability of an Authorized Trader to otherwise access the Cboe Digital Trading System are suspended for a period of 12 months or less, none of its rights (including the right to hold oneself out to the public as a Trading Privilege Holder or Authorized Trader, enter Orders into the Cboe Digital Trading System and receive Trading Privilege Holder rates for fees, costs, and charges and deposit margin at Trading Privilege Holder levels) will apply during the period of the suspension, except for the right of the Trading Privilege Holder or Authorized Trader in question to assert claims against others as provided in the Cboe Digital Exchange Rules. Any such suspension will not affect the rights of creditors under the Cboe Digital Exchange Rules or relieve the Trading Privilege Holder or Authorized Trader in question of its, his or her obligations under the Cboe Digital Exchange Rules to perform any Contracts entered into before the suspension, or for any Exchange fees, costs, or charges incurred during the suspension. The Exchange may discipline a suspended Trading Privilege Holder or Authorized Trader under this Chapter 7 for any violation of a Rule of the Exchange or provision of Applicable Law committed by the Trading Privilege Holder or Authorized Trader before, during or after the suspension.

(b) When a Trading Privilege Holder's Trading Privileges and/or its ability or the ability of an Authorized Trader to otherwise access the Cboe Digital Trading System are terminated, all of its related rights will terminate, except for the right of the Trading Privilege Holder or Authorized Trader in question to assert claims against others, as provided in the Cboe Digital Exchange Rules. Any such termination will not affect the rights of creditors under the Cboe Digital Exchange Rules. A terminated Trading Privilege Holder may

only seek to be reinstated by applying for Trading Privileges pursuant to Rule 302 and a terminated Authorized Trader may seek to be re-designated pursuant to Rule 306.

(c) The Exchange will not consider the application or re-designation of a terminated Trading Privilege Holder or Authorized Trader if such Trading Privilege Holder or Authorized Trader, as the case may be, continues to fail to appear at disciplinary proceedings without good cause or continues to impede the progress of disciplinary proceedings.

(d) A suspended or terminated Trading Privilege Holder or Authorized Trader remains subject to the Cboe Digital Exchange Rules and the jurisdiction of the Exchange for acts and omissions prior to the suspension of termination, and must cooperate in any inquiry, investigation, disciplinary proceeding, appeal of disciplinary proceedings, summary suspension or other summary action as if the suspended or terminated Trading Privilege Holder or Authorized Trader still had Trading Privileges or ability to otherwise access the Cboe Digital Trading System.

(e) In the event of the suspension or revocation of a Trading Privilege Holder's Trading Privileges and/or ability to otherwise access the Cboe Digital Trading System, the Exchange shall seek to facilitate the transfer of any Customer Accounts held by such Trading Privilege Holder to other Trading Privilege Holders.

RULE 720. Notice to the Respondent and the Public

The Exchange will provide written notice of disciplinary proceedings to the parties consistent with applicable CFTC Regulations. Whenever the Exchange suspends, expels, fines or otherwise disciplines, or denies any Person access to the Exchange, the Exchange will make the public disclosures required by CFTC Regulations.

CHAPTER 8: ARBITRATION RULES

RULE 801. Disputes Subject to Arbitration

(a) Mandatory Arbitration of Disputes Among Trading Privilege Holders.

- (1) It is contrary to the objectives and policy of the Exchange for Trading Privilege Holders to litigate Exchange-related disputes. Trading Privilege Holders must arbitrate all disputes that relate to or arise out of any transaction on or subject to the Cboe Digital Exchange Rules and based upon facts and circumstances that occurred at a time when the parties were Trading Privilege Holders through the American Arbitration Association (“AAA”) in accordance with its Commercial Arbitration Rules. In the event of a conflict between the Rulebook and the AAA’s Commercial Arbitration Rules, the terms of the Rulebook shall control.
- (2) Notwithstanding the foregoing, this Rule 801 does not require an employee of a Trading Privilege Holder to submit to arbitration any claim that includes allegations of a violation of federal, state or local employment discrimination, sexual harassment, wage payment or benefits laws.

(b) Claims Against the Exchange or Clearing House.

(1) Claims Against the Exchange

Claims against the Exchange pursuant to the provisions of Rules 537 and/or Rule 539 can be submitted to arbitration through the American Arbitration Association or another arbitration program permitted by the CFTC Regulations. Such arbitration shall be conducted pursuant to the Rules and the rules of the arbitration Program.

(2) Claims Against the Clearing House

RULE 905. Other Clearing Organizations

Whenever the Exchange designates a clearing organization other than the Clearing House for the clearance of Contracts with respect to which there are open positions, each Clearing Member shall, as of the close of business on the second Business Day prior to the effective date of such designation, either become a Clearing Member of such successor clearing organization, or cause any such open Contracts carried by it either to be transferred to a Clearing Member of such successor clearing organization or to be liquidated.

RULE 906. Settlement Prices

- (a) The Exchange, in conjunction with the Clearing House, will determine the Settlement Price for Contracts. For each Contract, the Exchange shall publish a daily settlement price and information regarding volume, open interest and opening and closing ranges.
- (b) Unless specified in the terms of a Contract, the settlement price for all Exchange Futures Contracts based on Digital Assets will be determined as follows:
 - (1) Based on the volume weighted average price of executed trades for the contract during the last ten (10) minutes of trading on each trading day, where the closing period will be broken down into two (2) distinct five (5) minute periods for which the volume weighted average price will be calculated and the average of the two (2) value weighted average prices will be the settlement price;
 - (2) If no trades occur during the last ten (10) minutes of trading, the last trade in the Exchange's spot market during the same period for the relevant underlying Digital Asset will be used and adjusted by the difference between the previous day spot closing price and the previous day futures closing price; or
 - (3) If no trade has occurred in the Exchange's spot market during this period or in the event that the Exchange concludes that the settlement price determined in accordance with the foregoing does not fairly represent the market value of the period, the Exchange may determine an alternative settlement price. Such determination may be based upon, among other things, a third party or combination of third party index or reference prices.
- (c) Notwithstanding the foregoing, the Clearing House may modify Settlement Prices in its discretion in accordance with Clearing House Rules.

RULE 907. Clearing Fees

Clearing fees shall be assessed against a Clearing Member or Trading Privilege Holder for each side of a transaction traded on, cleared by or processed through the Clearing House or by the Trading Privilege Holder as the Clearing House may from time to time prescribe. Such Clearing Fees may be separate from or incorporated into the Exchange Fees assessed pursuant to Rule 305.

RULE 908. Transfers of Trades

- (a) Subject to the limitations of Rule 909, existing trades may be transferred either on the books of a Clearing Member or from one Clearing Member to another Clearing Member provided:

- (1) the transfer merely constitutes a change from one account to another account, provided the underlying beneficial ownership in said accounts remains the same; or
 - (2) an error has been made in the clearing of a trade and the error is discovered and the transfer is completed within two business days after the trade date.
-
- (b) Subject to the limitations of Rule 909, the Exchange may, upon request by the Clearing Member(s), approve a transfer of existing trades either on the books of the same Clearing Member, or from the books of one Clearing Member to the books of another Clearing Member if the transfer is in connection with, or as a result of, a merger, asset purchase, consolidation or similar non-recurring transaction between two or more entities where one or more entities become the successor in interest to one or more other entities.
 - (c) The Exchange may, with the consent of the Clearing Member(s) involved, permit the transfer of existing trades if, in the opinion of the Exchange, the situation so requires and such transfer is in the best interests of the Exchange.
 - (d) Provided that the transfer is permitted pursuant to Sections (a), (b) or (c) above, the transactions must be recorded and carried on the books of the receiving Clearing Member at the original trade dates. Futures transactions may be transferred using either the original trade price or the most recent settlement price; Options transactions may be transferred using either the original trade price or a trade price of zero.
 - (e) All transfers shall be reported to the Clearing House in a form acceptable to the Exchange for the type of transactions involved. The proper indicator must be included in the transfer such that the transactions, including the transaction(s) to reverse an error, clear as transfers. The Clearing Members involved shall maintain a full and complete record of all transactions together with all pertinent memoranda.

RULE 909. Concurrent Long and Short Transactions

Set forth below are the procedures that must be followed for concurrent long and short positions and hold-open accounts.

- (a) Concurrent long and short positions in the same commodity and month may be held by a Clearing Member at the direction of a Customer or on behalf of an omnibus account; however it shall be the duty of the Clearing Member to ascertain whether such positions are intended for offset or to be held open prior to final transmission of position data to the Clearing House.
- (b) Clearing Members which, pursuant to this rule, carry concurrent long and short positions, must report to the Exchange both sides as open positions.
- (c) The Exchange takes no position regarding the internal bookkeeping procedures of its Clearing Members which, for the convenience of a Trading Privilege Holder or Customer, may "hold open" a position only on their books. However, the Clearing Member must accurately report to the Exchange and the Clearing House, as appropriate, large trader positions, long positions eligible for delivery and open interest.

RULE 910. Substitution

For a Transaction that is both executed and submitted to the Clearing House in accordance with the rules governing such Transaction, the Clearing House shall, through the process of novation, be substituted as, and assume the position of, seller to the buyer and buyer to the seller of the relevant number of Contracts once the Transaction is accepted at the Clearing House pursuant to the Clearing House Rules and the Clearing House Manual of Operations; provided, however, that the timing of the clearing guarantee for transactions pursuant to Rule 601 (Block Trades), Rule 602 (Exchange of Derivatives for Related Positions), and Rule 908 (Transfers of Trades) shall be subject to terms for privately negotiated trades pursuant to the Clearing House rules.

Upon such substitution, each Clearing Member shall be deemed to have bought the contracts from or sold the contracts to the Clearing House, as the case may be, and the Clearing House shall have all the rights and be subject to all the liabilities of such Clearing Member with respect to such transaction. Such substitution shall be effective in law for all purposes.

RULE 911. Policy on Division or Similar Events Involving Digital Assets

In the event that there is, or there is expected to be, a change to the relevant operating rules, protocols, processes, or standards applicable to a Digital Asset underlying a Contract offered by the Exchange, including a so-called hard fork, user activated soft fork, or other event that results in split or division of the Digital Asset into multiple assets, a substitution, replacement, conversion or exchange of the Digital Asset into or for another asset, a restriction on the transfer of the Digital Asset (e.g.; a lock-up or freeze), or a distribution of any asset to existing holders of the Digital Asset (including a so-called airdrop), the Exchange shall have the discretion to take action in consultation with Trading Privilege Holders to align the exposures of Persons having positions in the relevant Digital Asset Contracts with the cash market exposures or to otherwise address such events, as appropriate. Appropriate action may include revising delivery obligations under the Contract, providing for cash adjustments, and/or assigning newly listed Contract positions to such Persons. Among other things, the Exchange will take into consideration whether any resulting asset, substitution, replacement, conversion or exchange described in this paragraph continues to be a commodity subject to the Commodity Exchange Act, or is subject to the Securities Act of 1933 or any other law or regulation.

RULE 912. Clearing Member Guarantees and Clearing Corporation Restrictions.

(a) Each Trading Privilege Holder shall provide to the Exchange a letter of guarantee from a Clearing Member, in a form and manner prescribed by the Exchange, for the Trading Privilege Holder's trading activities in Exchange Contracts and access to the Exchange. This requirement shall be applicable to all Trading Privilege Holders, including all Clearing Members. Accordingly, each Clearing Member must provide to the Exchange a letter of guarantee from that Clearing Member, in a form and manner prescribed by the Exchange, for the Clearing Member's trading activities in Exchange Contracts and access to the Exchange. A Clearing Member shall guarantee and assume financial responsibility for all Exchange Contracts of each Trading Privilege Holder guaranteed by it, and shall be liable for all transactions of that Trading Privilege Holder in Exchange Contracts, in accordance with the applicable letter of guarantee.

(b) A Trading Privilege Holder may not engage in any trading activities in Exchange Contracts or access the Exchange if an effective letter of guarantee required to engage in those activities or to receive that access is not on file with the Exchange. If a Trading Privilege Holder does not have an effective letter of guarantee on file with the Exchange, the Exchange may prevent access and connectivity to the Exchange by that Trading Privilege Holder.

(c) Letters of guarantee filed with the Exchange shall remain in effect until a written notice of revocation has been filed with Cboe Digital Membership Services in a form and manner prescribed by the Exchange and the revocation becomes effective or until such time that the letter of guarantee otherwise becomes invalid pursuant to the Rules of the Exchange. A written notice of revocation shall become effective as soon as the Exchange is able to process the revocation. A revocation shall in no way relieve a Clearing Member of responsibility for transactions guaranteed prior to the effectiveness of the revocation.

(d) If the Clearing House restricts the activities of a Clearing Member or suspends a Clearing Member as a Clearing Member of the Clearing House, the Exchange may take action as necessary to give effect to the restriction or suspension. For example, if the Clearing House restricts transactions cleared by a Clearing Member to "closing only" transactions, the Exchange may similarly restrict transactions on the Exchange for clearance by that Clearing Member as a Clearing Member of the Clearing House to "closing only" transactions. Similarly, if the Clearing House suspends a Clearing Member, the Exchange may prevent access and connectivity to the Exchange by the suspended Clearing Member.

(e) If requested to do so by the Clearing House, the Exchange may cancel all Orders in relation to a Clearing Member and all Orders of any Trading Privilege Holder submitted with a FIRM code that is linked to that Clearing Member.

(f) If a Clearing Member's status as a Clearing Member of the Clearing House or as a Trading Privilege Holder is terminated, all letters of guarantee on file with the Exchange from that Clearing Member shall no longer be valid, effective as soon as the Exchange is able to process the invalidation of these letters of guarantee.

(g) If a Clearing Member has been suspended as a Clearing Member of the Clearing House or as a Trading Privilege Holder, all existing letters of guarantee and authorization from that Clearing Member shall be invalid during the period of the suspension, effective as soon as the Exchange is able to process the invalidation of those letters of guarantee.

(h) The invalidation of a letter of guarantee shall in no way relieve the Clearing Member that issued the letter of guarantee of responsibility with respect to transactions guaranteed prior to the effectiveness of the invalidation.

(i) If a Trading Privilege Holder does not have a required letter of guarantee for a period of ninety consecutive days, the Trading Privilege Holder's Trading Privileges and status as a Trading Privilege Holder shall automatically be terminated.

- (iv) The Exchange will set the amount of any fines imposed pursuant to this Rule, with the maximum fine for each violation not to exceed \$10,000. Summary imposition of fines pursuant to this Rule will not preclude the Exchange from bringing any other action against the Participant, or any of its employees, agents, contractors, and affiliates, as the case may be.

RULE 1203. Emergency Actions

(a) The Chief Regulatory Officer, or his designee, is authorized to determine whether an emergency exists and whether emergency action is warranted. The following events and/or conditions may constitute emergencies:

- (i) Any actual, attempted, or threatened market manipulation;
- (ii) Any actual, attempted, or threatened corner, squeeze, congestion, or undue concentration of positions;
- (iii) Any action taken or considered by the United States or any foreign government or any state or local government body, any other contract market, board of trade, or any other exchange or trade association (foreign or domestic), which may have an impact on trading on Cboe Digital Exchange Spot Markets;
- (iv) The actual or threatened bankruptcy or insolvency of any Participant or the imposition of any injunction or other restraint by any government agency, self-regulatory organization, court or arbitrator upon a Participant which may affect the ability of that Participant to perform on its contracts;
- (v) Any circumstance in which it appears that a Participant or any other Person or entity has failed to perform contracts or is in such financial or operational condition or is conducting business in such a manner that such Person or entity cannot be permitted to continue in business without jeopardizing the safety of Participants or Cboe Digital Exchange Spot Markets;
- (vi) Any other circumstance which may have a severe, adverse effect upon the functioning of Cboe Digital Exchange Spot Markets.

(b) In the event that the Chief Regulatory Officer determines, in good faith and in consultation with the Chief Executive Officer and Chief Operating Officer, that an emergency exists, he may take any of the following emergency actions or any other action that may be appropriate to respond to the emergency:

- (i) Suspend, curtail or terminate trading in any or all Contracts;
- (ii) Restrict, suspend or terminate a party's access to the Spot Markets and/or Cboe Digital Exchange;
- (iii) Modify the trading days or hours;

- (iv) Modify conditions of delivery; and/or
- (v) Order any other action or undertaking to address or relieve the emergency.

(c) The Market Regulation Department shall give appropriate notice of such action. As soon as practicable, the Market Regulation Department will make any notifications of such emergency actions as required by the Cboe Digital Exchange Rules.

(d) Trade Cancellations and Price Adjustments. Cboe Digital Exchange has authority to adjust trade prices or cancel (bust) trades when such action is necessary to mitigate market disrupting events caused by the improper or erroneous use of the Cboe Digital Trading System or by system defects. Notwithstanding any other provisions of this Rule, the Exchange may adjust trade prices or bust any trade if the Exchange determines that allowing the trade to stand as executed may have a material, adverse effect on the integrity of the market. All decisions of the Exchange shall be final.

(i) Review of Trades

(1) The Exchange may determine to review a trade based on its independent analysis of market activity or upon request for review by a Participant. A request for review must be made within 15 minutes of the execution of the trade.

(2) The Exchange shall determine whether or not a trade will be subject to review. In the absence of a timely request for review, during volatile market conditions, upon the release of significant news, or in any other circumstance in which the Exchange deems it to be appropriate, the Exchange may determine, in its sole discretion, that a trade shall not be subject to review.

(ii) Price Adjustments and Cancellations

(1) In reviewing a trade, the Exchange will first determine whether the trade price is within the No Bust Range for spot transactions described in Rule 1203(h).

(2) In applying the No Bust Range, the Exchange shall determine the fair value market price for that contract at the time the trade under review occurred ("Price"). The Exchange may consider any relevant information, including, but not limited to, the last trade price in the contract or a better bid or offer price on the Cboe Digital Trading System, a more recent price for a different maturity date, the price of the same or related contract established in another venue or another market, or the market conditions at the time of the trade.

(iii) Trade Price Inside the No Bust Range. If the Exchange determines that the price of the trade is inside the No Bust Range, the Exchange will not bust the trade.

(iv) Trade Price Outside the No Bust Range. If the Exchange determines that a trade price is outside the No Bust Range for a Contract, the trade price shall be adjusted to a price that equals the fair value market price for that contract at the time the trade under review occurred, plus or minus the No Bust Range. In the event there are multiple parties, prices and/or contracts involved in the transactions at issue, the Exchange has the authority, but not the obligation, to bust rather than price adjust such transactions. The Exchange will issue an alert regarding its decision.

(v) Busted trade prices and any prices that have been adjusted shall be cancelled in the Exchange's official record of time and sales. Trades that are price adjusted shall be inserted in the time and sales record at the adjusted trade price.

(e) Alternative Resolution by Agreement of Parties

- (i) With the approval of the Exchange, parties to a trade that is price adjusted may instead mutually agree to cancel the trade.
- (ii) With the approval of the Exchange, parties to a trade that is busted may instead mutually agree to price adjust the trade to a price consistent with the adjustment provisions of this Rule.
- (iii) With the approval of the Exchange, parties to a trade that is cancelled or price adjusted may mutually agree to a cash adjustment provided that such adjustments are reported to the Exchange and the parties maintain a record of the adjustment.
- (iv) An executed trade may not be reversed via transfer except where such trade is determined by Exchange to be outside of the No Bust Range but not reported timely, subject to agreement of the parties and approval of the Exchange . Any such transfer must occur at the original trade price and quantity; however, the parties may mutually agree to a cash adjustment.

(f) Liability for Losses Resulting from Price Adjustments or Cancellations

- (i) A party entering an order that results in a price adjustment or trade bust shall be responsible for demonstrated claims of realized losses incurred by persons whose trade prices were adjusted or busted provided, however, that a claimant shall not be entitled to compensation for losses incurred as a result of the claimant's failure to take reasonable actions to mitigate the loss.
- (ii) A claim for a loss pursuant to this section must be submitted to the Exchange in a manner acceptable to the Exchange within one business day of the event giving rise to the claim. The Exchange will reject any claim that is not filed in a timely manner and such decisions shall be final. Eligible claims shall be forwarded by the Exchange to the party responsible for the order(s) that resulted in a trade bust or a price adjustment. Such party shall, within ten business days of receipt of the claim, admit or deny responsibility in whole or in part. Failure to respond to the claim within ten business days shall be considered a denial of liability.
- (iii) To the extent that liability is admitted, payment shall be made within ten business days. Unless otherwise agreed upon in writing by the parties, failure to make the payment within ten business days shall be considered a denial of liability for purposes of this rule. A copy of any such written agreement must be provided to the Exchange.
- (iv) To the extent that liability is denied, the party making the claim may submit the claim for arbitration pursuant to Rule 1207 of the Spot Rules. Such claims must be submitted to the Exchange within ten business days of the date the party was issued notification that liability was denied.

(g) Schedule of Administrative Fees

- (i) When Exchange busts or price adjusts a trade, the party responsible for entering the order into the Cboe Digital Trading System that gave rise to the trade bust or price adjustment shall pay an administrative fee to the Exchange in the amount of \$500 for each such occurrence.

RULE 1207. Arbitration

- (a) Mandatory Arbitrations. Disputes between and among Participants relating to or arising out of any transactions subject to the Spot Rules or claims by Participants against the Exchange or Clearing House related to the Spot Markets are subject to mandatory arbitration in accordance with the Rules of this Chapter. The Market Regulation Department may establish any procedures not otherwise contemplated by these Rules necessary to establish a just, equitable and efficient method of resolving a particular dispute.
- (b) Waiver of Objection to Jurisdiction. Any party who submits a claim or grievance to arbitration shall be conclusively presumed to have voluntarily recognized and agreed to the jurisdiction of the arbitration panel to hear and determine the claim. A Participant who

submits a claim for arbitration in accordance with these Rules consents thereby to the jurisdiction of the arbitrators and agrees to the arbitration of any counterclaims, cross-claims or third party claims by any respondent which arise out of the transaction that is the subject of the customer's claim. The claim shall comply with the requirements of this Rule.

- (c) Appointment of Arbitration Panel. Any arbitration shall be heard by an Arbitration Panel selected by the Market Regulation Department for the purpose of hearing and deciding a dispute. The Market Regulation Department may select any individual possessing, in the discretion of the Market Regulation Department, the requisite knowledge and temperament to serve on an Arbitration Panel.
- (d) Request to Remove an Arbitrator.
 - (i) Each party may request the removal of any arbitrator(s) from a panel for good cause shown. Such request must be made at least 7 days before the start of the first scheduled hearing. Failure of a party to timely request the removal of any arbitrator(s) will be deemed a waiver of that party's right to any further objection to the arbitrator's participation in the hearing and decision of the dispute.
 - (ii) The Market Regulation Department, after considering a request to remove an arbitrator, another party's objections thereto and/or the statements of an arbitrator whose removal is sought, may deny the request or excuse the arbitrator. The decision shall be final and may not be appealed.
 - (iii) If an arbitrator is excused prior to the date of the first scheduled hearing, the Market Regulation Department shall select another arbitrator to replace the excused arbitrator at the hearing. Parties may make any appropriate request for the removal of the replacement arbitrator under this Rule.
 - (iv) If an arbitrator is excused on or after the date of the first scheduled hearing, the dispute may, at the election of the non-requesting party and with the consent of the Market Regulation Department be heard and decided by the remaining arbitrators.
- (e) Initiating an Arbitration Claim.
 - (i) In the event that a complaint is received it shall be referred to the Market Regulation Department, which shall, when appropriate, forward to the complainant a Consent Form for arbitration under this Rule. Such form shall inform the claimant, by attachment of all pertinent Rules, of his or her rights and obligations, including costs associated with arbitration. A claimant may initiate a claim by submitting a written description of the dispute along with the arbitration fee (as determined by the Market Regulation Department) with the Market Regulation Department within the period of eligibility for arbitration claims. The written claim shall include a clear description of the facts and circumstances involved in the dispute, including the transaction(s) or agreement(s) complained of, the names of the Persons and firms alleged to be responsible for any loss to the claimant, the dates of all acts or omissions relevant to the claim, a detailed calculation of the amount claimed and any other information necessary to fully describe the dispute. In the case of a request for punitive damages, the claim shall set forth the facts the party intends to present in support of the claim that the misconduct was willful and wanton. The Market Regulation Department shall reject for filing any claim that does not fully describe the dispute, is clearly filed after the period of eligibility has expired or is clearly not arbitrable under this Rule. Such a claim will be promptly returned to the filing party with a notice describing the deficiency. A claimant seeking to correct the deficiency and file an amended claim may do so within 30 days of receiving notice describing the

deficiency despite any expiration of the period of eligibility prescribed by this Rule during that 30-day period. The acceptance for filing by the Market Regulation Department shall not preclude a challenge to the arbitrability of the claim nor create a presumption that the claim is arbitrable.

- (ii) Notice shall then be given by the Market Regulation Department to the party against whom the claim is asserted, who shall respond to the claim in accordance with this Rule.

(f) Answering an Arbitration Claim

- (i) Each respondent shall file a written response within twenty one (21) days after receipt of the written claim. However, if a party has timely filed a challenge to the arbitrability of the dispute, its response shall be due twenty one (21) days after receipt of the written decision confirming the arbitrability of the dispute. The written answer must admit the claim or describe the respondent's basis for denying liability to the claimant(s). The answer may include an admission or denial of each specific allegation contained in the claim and/or the respondent's narrative description of the facts and circumstances involved in the dispute. A respondent may assert in an answer any defense that would be available in a court of law or equity, including any affirmative defense.

- (g) Failure to Answer. A respondent's unexcused failure to file a timely answer shall constitute an admission of the facts alleged in a claim.

- (h) Counterclaims, Cross-Claims and Third-Party Claims. A respondent may assert any counterclaim, cross-claim and/or third-party claim to the extent such claim would be allowable as an original claim under these Rules. Each respondent must file any counterclaim, cross-claim or third-party claim at the same time an answer to a claim is due. Initiating counterclaims, cross-claims, third-party claims and answers thereto shall conform to the requirements for initiating and answering original claims. A respondent who believes that another Participant may have a claim to any money or property which is the subject of a dispute in arbitration and that the failure of that other Participant to assert a claim in the pending arbitration could prejudice the interests of the respondent may submit a request to the Market Regulation Department to compel the participation of the other Participant. If a Participant fails to file such claim after being ordered to assert that claim in the pending arbitration, then notwithstanding any other Rule, that Participant shall be barred from asserting in the future any claim against the respondent that is based on the same transaction, occurrence or subject.

- (i) Review of Arbitrability. Any party may file a challenge to the arbitrability of a dispute submitted for arbitration under this Rule. A party's failure to file a timely challenge to arbitrability shall waive any right to object thereafter to the arbitrability of the dispute. A challenge to arbitrability by a claimant must be filed no later than 5 days after the claim is submitted for arbitration. A challenge to arbitrability by a respondent must be filed no later than 10 days after the respondent has received notice of the claim. The request must be in writing and state the reasons why the dispute is not arbitrable. Any other party may file a written response in support of or opposition to the challenge no later than 10 days after receiving notice of the challenge to arbitrability. The Market Regulation Department may decide the arbitrability of a dispute based on his consideration of the written submissions of the parties. The Market Regulation Department's decision shall be final and is not appealable.

- (j) Consolidation of Arbitration Disputes. If the Market Regulation Department receives notice that two or more arbitration disputes are related, the Market Regulation Department may order that any or all of the disputes be consolidated for purposes of conducting a hearing on the disputes. In determining whether to consolidate the disputes the Market Regulation Department may consider the efficiencies of consolidation as well as the burdens and benefits to the parties in consolidating the disputes.
- (k) Withdrawal of Claims
- (i) A party may voluntarily withdraw its claim, counterclaim, cross-claim or third-party claim without prejudice at any time before an answer thereto has been filed by notifying the Market Regulation Department in writing of such withdrawal.
 - (ii) After an answer to any claim, counterclaim, cross-claim or third-party claim has been filed, the claimant seeking to withdraw the claim, counterclaim, cross-claim or third-party claim must submit to the Market Regulation Department a written request to withdraw with prejudice or upon such terms and conditions as may be imposed by the Market Regulation Department. A withdrawal under this Rule shall bar the claimant from re-filing any claim based on the same acts, transactions or omissions as the dismissed claim.
- (l) Period of Eligibility for Arbitration. An arbitration must be initiated within one year of the date the claimant knew or should have known of the dispute on which the claim is based. Counterclaims, cross-claims and third-party claims must be submitted no later than the date on which the answer is due.
- (m) Parallel Proceedings. No claim will be accepted for arbitration if the Market Regulation Department receives notice that another arbitration or civil court proceeding based on the same act, transaction or omission as the arbitration claim is pending at the time of filing. No claim, counterclaim, cross-claim or third party-claim will be accepted for arbitration against a respondent if the Market Regulation Department has received notice that a stay exists due to the pendency of any bankruptcy proceeding against that respondent. If such a stay arises after a claim is accepted for arbitration or if the Market Regulation Department subsequently learns that such a stay is pending, the claim shall be dismissed without prejudice as to each respondent who is the subject of the stay. Nothing in this Rule shall prevent a claim in arbitration from proceeding against any remaining respondent.
- (n) Requests for Documents, Information or Testimony
- (i) The initial schedule for document requests by parties and responses will be set by the Market Regulation Department. The Market Regulation Department may require any Participant or any Person employed by or associated with a Participant to produce relevant documents in his possession or control at any time after a claim has been filed. Upon the failure of a party or Participant to voluntarily produce relevant documents in its possession or control upon request by a party, the party seeking the documents may submit a written request to the Market Regulation Department for an order compelling the production of such documents. Any request for an order compelling production of documents must (1) identify each document or type of document sought with as much specificity as possible; (2) explain the relevance of each document or type of document sought; and (3) include a representation that the requesting party has attempted to obtain the documents from the responding party before resorting to a request to the Market Regulation Department.

- (ii) The party or Participant against whom an order compelling production is sought shall (1) produce copies of the requested documents to the requesting party and the Market Regulation Department; or (2) represent in writing that the documents are not in his possession or control and explain the basis for such representation, and, if applicable, identify who is in possession or control of the requested documents; or (3) object in writing to a request and provide the basis for each objection.
 - (iii) The Market Regulation Department may require any Participant, or any Person employed by or associated with a Participant, to appear and to testify at a hearing.
 - (iv) Whenever such production or appearance results from the request of a party, all reasonable costs and expenses incurred shall be borne by the party making the request, unless directed otherwise by the panel. A party who incurs costs and expenses recoverable under this Rule may, no later than the close of the last hearing date in the matter, submit an application to the panel for such costs and expenses. Such application shall contain a detailed explanation of amounts claimed. The panel may grant or deny all or any portion of the application.
 - (v) Any Participant or employee thereof failing to appear, testify or produce documents in accordance with this Rule may be charged with a violation of the Cboe Digital Exchange Spot Rules and may be subject to disciplinary actions under Rule 1202(B).
- (o) Documents and Witnesses to be Presented at Hearing. No later than 10 business days prior to the first scheduled hearing, each party must provide every other party and the Market Regulation Department with copies of all documents that the party intends to offer into evidence and a list of the names of all witnesses, including party-witnesses, who the party intends to call at the hearing in support of a claim or defense. Parties are not required under this Rule to provide copies of those documents that they may use, or to identify any witnesses whom they may call, only in cross-examination or rebuttal.

RULE 1208. Recordkeeping

- (a) Participants must keep full and complete records, whether electronic or otherwise, and all pertinent data and written material, of all transactions relating to Cboe Digital Spot Contracts. Written and electronic records must be retained for a minimum of seven years in permanent form. Oral communications between Participants and their customers must be recorded and must be retained for a minimum of one year past the date on which the oral communication occurred. All records required to be retained shall at all times be open to inspection by the Market Regulation Department or Exchange staff.
- (b) A Participant shall not be in violation of Cboe Digital Exchange Rule 515 if the Participant's pre-programmed algorithms access the Cboe Digital Trading System tied to the same user login, so long as the Participant is able to provide an appropriate audit trail upon request of the Exchange that identifies for each order the submitting algorithm, system, or human intervenor (when human intervention is necessary).

ANY OTHER ACTIONS, SUITS OR PROCEEDINGS AGAINST ANY OF THE ABOVE MUST BE BROUGHT WITHIN TWO YEARS FROM THE TIME THAT A CAUSE OF ACTION HAS ACCRUED. THIS PARAGRAPH D SHALL IN NO WAY BE CONSTRUED TO LIMIT A PARTY'S OBLIGATION TO ARBITRATE ITS CLAIM OR TO CREATE A CAUSE OF ACTION AND SHALL NOT AUTHORIZE AN ACTION THAT WOULD OTHERWISE BE PROHIBITED BY SPOT RULES. IF FOR ANY REASON, A COURT OF COMPETENT JURISDICTION FINDS THAT SUCH DISPUTE IS NOT ARBITRABLE, SUCH DISPUTE MAY ONLY BE LITIGATED IN THE COUNTY OF COOK IN THE STATE OF ILLINOIS AND WILL BE GOVERNED BY THE LAWS OF THE STATE OF ILLINOIS WITHOUT REGARD TO ANY PROVISIONS OF ILLINOIS LAW THAT WOULD APPLY THE SUBSTANTIVE LAW OF A DIFFERENT JURISDICTION, UNLESS OTHERWISE REQUIRED BY STATE LAW, .
- (e) THE EXCHANGE ASSUMES RESPONSIBILITY FOR DIRECT, OUT-OF-POCKET LOSSES DIRECTLY CAUSED BY THE GROSS NEGLIGENCE OF EXCHANGE STAFF. IF SUCH LIABILITY IS ACCEPTED, THE TOTAL AGGREGATE OBLIGATIONS FOR THE EXCHANGE PARTIES SHALL NOT EXCEED \$200,000 FOR ALL LOSSES SUFFERED FROM ALL CAUSES PER INSTANCE, ALLOCATED AMONG THE PARTIES AFFECTED.
